ORIGINALLY from a village in the Mendips, near Bristol, Andy Jones, 30, was recently attracted to Lyme Regis by the town's world-renowned Boat Building Academy on Monmouth Beach, enrolling in a nine month course which covered a wide range of techniques.

He previously worked for Babcock International in London, on behalf of the London Fire Brigade, covering the supply and maintenance of operational equipment, and he now hopes to put his new skills to use working with wood.

● **WHAT attracted you to the Boat Building Academy?** Firstly to learn and new skills and gain a recognised qualification that will allow me to hopefully always find work anywhere in the world. Also to have a better understanding of boat building and working with wood and composites, and thirdly the location!

● **DID you have any previous experience in boat building?**

I have no previous experience, the course was totally new to me. I have been sailing before but was a rarity.

● **WHAT did your course entail?**

I enrolled up the full-time, nine-month boat building course, covering a wide range of areas. The main areas were lofting, key woodworking skills and joint understanding, boat construction methods, boat fit outs and rigging, painting and finishing, GRP and FRP methods, marine adhesive and methods for glueing up with the aid of vacuum pumps, to name a few.

● **WHAT did you hope to achieve from it?**

As boat building was new to me prior to the course starting, I hoped to understand all matters of boat building but also how to operate the machinery and tools in the workshop, which is a vital part of traditional and modern boat building. I have always wanted a hands-on skill and a skill that can be versatile and be used for all matters of woodwork, not just boat building.

● **WHAT did you enjoy about the course?**

To be honest, I have enjoyed the whole course and all areas covered. The course is laid out extremely well, I have enjoyed so much of it and the teachers make learning interesting and fun. I guess I enjoyed putting my new skills to the test when we advanced from the basic woodworking skills part of the course, onto the construction of the variety of boats built at the academy. The group breakfasts and lunches are pretty epic too!

● **WHAT do you plan to do after the course?**

I hope to take my new knowledge of boat building into a boat yard and expand with experience. Eventually I hope to start my own business but possibly not building boats, but most definitely working with wood.

● **WHAT are your other personal interests?**

DJing and music production, stand-up paddle boarding, wood craft, going to the gym, martial arts, travelling, fishing and, of course, now sailing is a clear interest of late and I have done much of it since I moved to Lyme Regis.

## 60 SECOND INTERVIEW

● **WHAT do you like about Lyme Regis?**

It's a friendly town with lots going on. I started stand-up paddle boarding just before the course and it's fantastic to get out of the water of the Jurassic Coast. The academy is a stone's throw from the water's edge, which just makes it so much more of an attractive place to come and learn. I was living in London before the course started and my job was pretty full on, so moving down to Lyme was the ultimate stresser and I have always been made to feel welcome. The pubs are fun and the local ale from the brewery in Bridport goes down well.

● **IF you could own any kind of boat, what would it be and why?**

It would have to be a tall ship as I am fascinated by the history and the old maritime tales of pirates. I've always fancied setting sail and exploring the world, and what better way to do it than the way it always used to be done?

● **WHERE'S your ideal holiday destination, and why?**

I am most definitely a beach bum so would probably say the Philippines. A dream job for me would be a restoration of a fishing boat on a secluded beach some where in the tropics.

## Residents and leaders hit back at 'sensational' article

A HIGHLY critical national newspaper report claims Weymouth is "a place beset by low wages, lack of transport, isolation and poverty of aspiration".

But the Observer article has drawn a strong defence from leading Weymouth civic figures and residents alike.

The report praises Weymouth seaside frontage but says that behind this lies empty shops and the likes of Littlemoor housing estate which it claims "is among the most deprived in Europe".

It adds that national statistics show schoolchildren in coastal towns such as Weymouth are "falling dramatically behind their counterparts in the inner cities in terms of GCSE results" and that "aspiration and achievement" is now a major issue in seaside towns like Weymouth.

The Observer says just over 21 percent of Weymouth's adult population need benefits to help with housing costs, almost a quarter of households have no car and "locals complain the bus services have been cut to the bone".

But Weymouth resident Mike Kelly, while agreeing that the article "said so much that needs to be said about the challenges faced in many coastal communities", said it was a pity the piece was spoilt by "sensational and sweeping comments".

by Harry Walton

He added: "Weymouth and Portland certainly need investment and their plight has been fuelled by the steep reduction in public sector jobs, pay and conditions. Weymouth, Portland and Dorchester are historically heavily dependent on public sector employment.

"What is less helpful is to suggest that the area suffers from poor schooling. This is not borne out when I speak to other residents and my contact with Weymouth schools and colleges and their teachers and staff has shown a picture of commitment and delivery.

"The reference to the social inequality between different neighbourhoods of the borough could have been so well made yet it sensational and unhelpfully refers to the suburb of Littlemoor in a manner which is incorrect and unfair to those residents, teachers, councillors, community workers and businesses who are doing their best to support the community.

"Also the local bus services are not as poor as the article suggests though the problem may be more to do with high fares which have resulted from reductions in Government and County Council subsidy.

"The article by Tracy McVeigh refers to the many attractions of the area. She is right that help and investment are urgently needed but please don't make generalist, careless and dispiriting remarks that could worsen the situation."

His defence was backed by Councillor Mike Byatt, leader of the Labour group which is the largest party on the council, who said the article "portrays Weymouth in a very negative way".

He added: "We don't see Weymouth in the same way. We see it positively as a good place to live and work."

But he agreed the biggest message was a need to look to the future.

Mr Byatt said: "This is about ambition which is what we have been talking about with the future of the council, to promote the town, to promote investment and provide opportunities for young people.

"We need to create an environment here in Weymouth for the future of work and careers.

"I am keen to look at public and private funding to see if we can create an innovation and enterprise centre for young people to help them develop the kind of skills which are fit for a modern community.

"Modern technology is continuously evolving and young people have particular skills in this area."

## Scooter stolen and set alight

THIEVES have stolen a scooter in Weymouth.

The incident happened between 10pm on Monday, June 9th and 7am on Tuesday, June 10th on Reedling Close.

Offenders stole a silver and grey Piaggio X8125, with the registration number HF06 HMV, together with a blue/grey coloured cover from outside an address where it was parked overnight. No arrests have been made.

PC Neil Fitch, of Weymouth Police, said: "This thoughtless crime has caused a lot of inconvenience to the victim who now has no means of transport to get to work.

"Sadly for the victim,

the scooter was found completely destroyed by fire in a field nearby.

"I am appealing to anyone who may have witnessed this theft, or knows the people involved, to get in contact.

"It is possible someone may have seen the scooter being set alight or suspicious activity in the area.

"I urge anyone with information to call Dorset Police in confidence on 101."

Witnesses and anyone with information should call Dorset Police in confidence on 101, quoting incident number 10:71 or call the free and anonymous Crimestoppers line on 0800 555 111.

## Lifecoat rescues yacht crew

WEYMOUTH Lifecoat has rescued the exhausted crew of a yacht which suffered engine failure off Portland.

The 12-metre Winfrith got in to trouble close to Cave Hole with its crew exhausted having been sailing for more than 18 hours.

When the lifecoat reached them a tow line was passed to Winfrith and the stricken yacht was towed back to Weymouth Harbour where Wyke Coastguard attended to offer advice to the yacht crew.

IT was eyes down for a full house when Weymouth College students held a Bingo and Buns event at Weymouth Pavilion Ocean Room.

They were raising money for the Teenage Cancer Trust (TCT) because they felt it was relevant to their lives.

Organiser, tourism student Ellie Powell, said: "We raised £400 before the event through ticket sales and donations and today we hope to get as close to £1,000 as we can.

"We played five games followed by a series of lines and houses and everyone had a lot of fun.

"We all worked really hard because it is a charity that we really believe in and a big thank-you must go to all the local businesses and people who donated items for the event."

Beth Bartlam of TCT said: "It was

■ ELLIE Powell (left) and Beth Bartlam hold a Teenage Cancer Trust poster with students from Weymouth College

very generous of the students to hold this event to help our fundraising.

"What they did was amazing be-

cause it raised money for us and also increased awareness of teenage cancer throughout the Weymouth area."

## Cash machine damaged

POLICE want to talk to these men (pictured below) after a cash machine was criminally damaged in Weymouth.

The incident happened between 3am-3.30am on Saturday, May 31st at the Tesco Express garage on Lanehouse Rocks Road.

Extensive damage was caused to the machine and PC Andy Dickinson, of Weymouth Police said: "I am now able to release CCTV images of the suspects and I would like hear from anyone who recognises the men pictured.

"I urge witnesses or anyone who saw any suspicious activity in the area at the time to come forward as soon as possible. All calls are treated in the strictest confidence."

Witnesses and anyone with information should call Dorset Police in confidence on 101 quoting incident number 31:95 or call the free and anonymous Crimestoppers line on 0800 555 111.

■ WEYMOUTH Way cycle path opening with children from Southill Primary School and Wey Valley School

## Traffic-free cycle path opens

A TRAFFIC-free route has now been completed to enable people to cycle safely all the way from Portland to Dorchester.

The new scheme connecting Weymouth town centre with the relief road cycle path was officially opened as part of this year's national bike week celebrations.

The two-mile path, which runs through Westham, Southill, Radipole and Redlands, is the final part of a long-term project to help reduce road congestion in the area and encourage more people to stay fit and healthy through outdoor exercise.

Dorset County Council's Cabi-

net environment and economy spokesman Peter Finney said: "We worked closely with local residents to design the scheme. It is wonderful that local children now have a safe and traffic free route to travel to school."

Costing £985,000, the scheme is a major investment in the town's walking and cycling network and means that people can cycle traffic-free all the way from Portland to Dorchester.

Southill councillor David Harris said: "I'm delighted that the new path is now open for use. It provides a superb resource for the community and links the Lorton Meadows and Lodmoor nature re-

serves with Radipole Lake, the Rodwell Trail, Chesil Bank and Portland, giving a picturesque route for walkers and cyclists."

With five new road crossings – including the Weymouth Way Toucan crossing at Chafey's Roundabout which opened in March – the network gives people a host of options to safely walk and cycle around the area, getting to school, work or the shops without using a car.

Funding was provided from the Weymouth-Dorchester Corridor LSTF Project, the Department for Transport's Cycle Safety Fund and funding from Dorset County Council.

## Become a Weyfarer!

THE Weymouth BID are in the process of recruiting and training volunteers to be "Weyfarers"

The Weyfarers will not only welcome visitors to the town but will also support the Weymouth BID in its aim to promote the area by providing help and assistance to people, in and around the town.

The scheme will be based on the 2012 Olympic Ambassadors programme with the role of the Weyfarers being very similar.

The Weyfarer programme has already been granted the use of the "Inspire 2012" logo.

Weymouth BID is looking for people that are able to give a minimum of eight hours or more over a four week cycle with the aim to provide an all year round service.

Successful applicants will attend a certified two day training course that will equip them for the role.

A distinctive uniform will be supplied and a communication radio will be provided to help and support the Weyfarer volunteers.

Alistair Clarke Joint Chair of Weymouth BID said: "The Weyfarers are seen as a very visible part of the BIDs plan and will create a welcoming experience for those visiting the town.

"We are hoping that people who have a keen interest in their local area will be keen to give up some time to help promote the town and provide useful information to visitors."

The closing date for this first wave of volunteer applications was Friday (June 20th), however further opportunities will be available in the future.

Weymouth BID Manager Nigel Reed said: "We are looking forward to the launch of the first team of Weyfarers which will closely followed by the recruitment of a second group who will attend the training course so that the BID can build a great team of volunteers who will also help support events, festivals and cruise passengers visiting the area."

## Maley's mission for Macular Society

PRIME Minister David Cameron is supporting an incredible 90-years-young pensioner who will be stroking round Weymouth Bay Holiday Park swimming pool to raise money for the Macular Society.

Maley Abbot will do five circuits of the pool where she has run her business letting out caravans for 30 years. She still runs the business by herself.

Mr Cameron is backing her effort and his office has sent her a special "10 Downing Street" pen which Maley plans to auction to raise more sponsorship money.

She has also written to Labour leader Ed Miliband, Deputy Prime Minister Nick Clegg and UKIP leader Nigel Farage and is hoping they will respond too while another letter has gone to thank people from Wellingborough where her family live as her sons and friends have collected £600 sponsorship money.

Maley said: "On July 16th, my 90th birthday, I am going to do a sponsored swim collecting money for The Macular Society. I will swim five circuits of the Weymouth Bay Holiday Park swimming pool.

"So far I have raised £1,386 and hope to get over £2,000 which would really give me a happy birthday.

"I have suffered from macular degeneration, a disease which affects central vision, for 20 years. My vision has got steadily worse and I had to stop driving four years ago.

"Over this period of time I have

■ PICTURED ABOVE is Maley with the Olympic Torch and Tom McNulty, the Brunel Paralympic Opening Ceremony Torch Bearer and Macular Society South Counties Manager. Left is Maley training for her swim

been attending the Macular support group meetings in Weymouth. They have been a great help and support to me over the years so I wanted to raise the money for them.

"I was very frightened about going blind but the support group help me cope. I saw others worse off than me and how, with support from the group, they coped well

with the disease. It made me think if they can do it so can I.

"Half the money I raise will be going to the national Macular Society and half to my Weymouth Macular Support Group.

Anyone who would like to support Maley can do so at her giving page on <http://www.justgiving.com/m/Maley-Abbott>.

## Council approves sports management masterplan

COUNCILLORS at Weymouth and Portland Borough Council's management committee have approved a sports facilities masterplan for Weymouth and Portland.

The plan looks at how council owned sports facilities will be run and maintained in the future with a focus on handing even more facilities to community groups. It also considers how the council can best help to sustain levels of physical activity in the borough.

The borough council launched a public consultation for the plan between January and March, with those views included in the plan's development.

The sports strategy recognises the importance and the range of sports facilities in the area and the plan will guide how these are managed in the future.

Councillor Ian Bruce, brief holder for community

facilities at Weymouth and Portland Borough Council, said: "We would like to thank all those who had their say on the proposals and the many groups that are already running sport-ing facilities.

"The council has looked at the way it manages facilities in the borough and having this strategy in place will help us to manage how the borough's sports facilities are operated and run in the future."

The facilities the plan looks at includes those owned and operated by the council such as The Marsh, those owned and operated by others on behalf of the council like Weymouth Swimming Pool, or facilities the council has leased to others such as Redlands Community Sports Hub.

## Police talk man down from roof

POLICE have successfully talked down a man who took to the roof of the Royal Hotel on Weymouth Esplanade.

Officers, who worked with Dorset Fire and Rescue Service and the ambulance service to negotiate with the man, also closed off nearby streets.

A man in his 20s was later charged with criminal damage.

■ CROWDS watch the beach assault

AN army of veterans put Weymouth and Portland on a wartime footing from a Spitfire in the sky to a spectacular beach assault and a grand parade on land.

People poured in to the borough for the event, strolling along the Esplanade to browse seafront stalls or going across to the Hope Square side of the harbour where they enjoyed the likes of a World War II police station and a recruitment point for the Women's Land Army.

Much attention was focused on the arrival of an array of military vehicles including an old Sherman tank, many of which paraded outside the Pavilion.

Uniforms were everywhere particularly on the sands and nearly 10,000 people gathered to watch a spectacular beach assault and bridge building display where forces stormed ashore to unleash a hail of gunfire and explosives against a "pirate" threat before successfully constructing a bridge to thunderous applause.

All military personnel for the displays were provided by 26 Engineer Regiment and event co-ordinator Major Ian Drummond said: "It was the 20th anniversary of the beach assault this year and we are proud it all went so well."

"We look forward to maintaining our support in coming years and are delighted that people had such a good time."

Over on Portland there were more wartime wonders at Portland Castle which ranged from a bombed out house to digging for victory while Osprey Leisure Centre first welcomed the convoy of military vehicles before everyone went inside to enjoy a series of displays from wartime rations to singing.

Back in Weymouth veterans events also joined forces with Weymouth at War attractions on the Hope Square side of the harbour and co-organiser Dave Allan said: "The reaction from visitors was absolutely fantastic and there was a real air of nostalgia. Every-

one loved it."

All eyes turned skyward late in the afternoon when an Historic Spitfire made three passes over Weymouth seafront.

On Sunday a veterans seafront service was led by the Mayor's chaplain The Reverend Deb Smith with wreaths laid by Dorset Lord Lieutenant Angus Campbell, Weymouth and Portland Mayor Councillor Kate Wheller and naval regional commander Commodore Jamie Miller.

The Band of the Royal Marines, which later played Beat the Retreat outside the Pavilion, then led a giant parade of veterans, medals clinking and standards fluttering proudly in front of huge crowds.

The Mayor said: "Just to hear from veterans about how much they enjoyed themselves and how grateful they were that we put this event on was wonderful. They look forward to it all year. Personally I loved the Spitfire flypast!"

Weymouth and Portland tourism spokesman Councillor Rachel Rogers said: "It was a fantastic weekend and lovely to see so many people enjoying themselves and underlining Weymouth and Portland's position as the south coast's premier veterans celebration.

"All credit must go to everyone who gave up their time and effort to put on such a fantastic show."

PORTLAND Castle had a distinctly wartime look when it staged several displays as part of the area's big veterans' weekend.

Visitors could browse a bombed out house, be questioned at a police checkpoint, sample a briefing room and enjoy an information point about air raid shelters.

All the displays at the Castle were staged by Wessex

Historic Household and the Wiltshire Home Guard.

Spokesman Julie Shields said: "Everyone who came in was quite impressed with our displays and was really interested in what we were trying to do.

"We are living history groups so we are trying to blend interest with history and the whole weekend proved really popular."

## Flying the flag for Armed Forces Day

A FLAG raising ceremony to commemorate Armed Forces Day has been held outside the council's offices on North Quay, Weymouth.

Weymouth and Portland Mayor Councillor Kate Wheller led the ceremony, joined by representatives from Armed Forces organisation standards, the Military Vehicle Trust, council staff and residents.

She was assisted with the flag raising by cadets Lance-Corporal Adam Chudley and Able Cadet Danyel Cornick.

Mrs Wheller said attendance for the flag raising was "unprecedented".

She added: "What was really nice was to have so many people turn out including a strong contingent of Aden veterans. The Aden campaign has been really forgotten but it was significant and it was good that their veterans could attend."

"The borough is always really pleased to keep its links with service personnel and holds many events to commemorate our strong links with the armed forces. This flag raising ceremony was a token of our appreciation."

"We continue to have very strong links with many veterans associations locally, throughout the country and abroad. We would like to express our thanks for the passion, energy and enthusiasm of these many groups and individuals."

## Rainbows boost for foodbank

WEYMOUTH Foodbank has been boosted thanks to the efforts of 1st Wyke Regis Rainbows.

Leader Jane Macleod said that the Rainbows – girls aged five to seven years – have been spending some of this term celebrating the

centenary of Brownies in 2014.

She added: "Last week the Rainbows brought in items collected from friends and family including tins of vegetables and fruit, pasta, rice, biscuits and tea bags to donate to Weymouth Foodbank."

"We were very fortunate that a volunteer from Foodbank was able to attend part of our meeting and tell the Rainbows a little bit about Foodbank and collect the items for distribution through Foodbank."

## Church concert held for Buxton monument fund

THE Thomas Fowell Buxton Society has held its first fundraising concert at St Mary's Church, Weymouth.

Dorset pianist, Duncan Honeybourne gave a recital with the money raised going towards the erection of the Buxton Monument on Bingleaves Green, Rodwell, Weymouth.

The monument will celebrate the achievements of this former Weymouth MP who did so much towards the abolition of slavery throughout the British Empire, passed by Act of Parliament in 1833.

The piano recital featured pieces by well-known 19th century composers, Schumann, Liszt and Chopin.

A 20th century piece by little known local composer, Ronald Swaffield was included. Swaffield had been born in Wimbledon but was raised in Weymouth

from a young age at Rodwell Lodge. Apart from his general creative output, he composed several choral pieces for the Weymouth Choral Society and died in Weymouth in August 1962. He lies buried in All Saints Churchyard, Wyke Regis.

St Mary's Church was an ideal choice for this concert as in 1815 Thomas Fowell Buxton was one of the donors helping to fund the enlarging of the church. Buxton donated £100. His step-father, Weymouth banker Edmund Henning, also figures on the board in the church porch, which lists in fading gilt letters the names of all those who contributed 200 years ago.

The recital was well attended and Weymouth and Portland Mayor Councillor Kate Weller and her husband were there as special guests of the society.

# Gateway public art to be unveiled

WORK on the creation of a public art scheme at the Weymouth Gateway site on Mercery Road will be unveiled on July 16th.

Artist Andy Kirkby, who lives in Moreton near Dorchester, was commissioned to create the artworks, and based his concept designs on stories from the public.

Community engagement was at the heart of the project and people contributed local stories towards the artwork designs earlier in 2013.

The public art scheme is co-funded by fashion retailer New Look and Sainsbury.

Andy was also helped by Radipole illustrator Katie Rewse and manufacturing company Aquarium Technology Ltd.

An exhibition, which reflects Andy's early designs for the sculptures and provides background to the project, will be held in Sainsbury's foyer from the beginning of July.

Installation will be complete at the start of July with the official unveiling by BBC Antiques Roadshow expert and local resident Paul Atterbury and Weymouth and Portland Mayor Councillor Kate Wheller on July 16th.

Mr Atterbury said: "As someone who has always believed in the power of public art, and sculpture in particular, I am delighted to be associated with the Weymouth Gateway project.

"Weymouth needs more public art, and this is a great addition to the town's urban landscape."

Mr Kirkby said: "It has been a pleasure to work with the local community in sourcing ideas for the three sculptures. The enthusiasm and support I have received has not only helped me in the design process but, I hope, instilled a sense of ownership towards the project as a whole."

Weymouth and Portland culture spokesman Councillor Rachel Rogers said: "I am delighted that Weymouth is adding these unique works to its public art portfolio.

"Public art relies on the quality and impact of its exchange with those who interact with it

■ ONE of artist Andy Kirkby's sketches for the "Torpedosaurus" sculpture

By Harry Walton

and I would encourage all local residents and visitors to the area to come and be part of that interaction."

Weymouth and Portland community facilities spokesman Councillor Ian Bruce said: "Andy Kirkby has produced public art in Dorset for many years and, while I don't want to spoil the unveiling surprise, I for one think it is his best work ever."

Project manager Nicky Whittenham said: "From the seeds of the community's stories, an amazing visual celebration of some of the diverse heritage of our town and local area has grown. The Weymouth Gateway scheme is a wonderful example of contemporary public art."

The three sculptures include "Under the

Hill", the artist's design for the bus shelter to be sited outside the Sainsbury's store on Mercery Road. It relates to the folklore about music being heard from underneath the ground at Bincombe Bumps.

The second sculpture "Frame" echoes the fashion nature of New Look's operations and has etched into its surface designs by local illustrator Kate Rewse celebrating some of the contributed community's stories. The wheels used are resonant of those which can be seen on King George III's bathing machine near the King's statue.

The third sculpture "Torpedosaurus" reflects the Jurassic Coast heritage of the area combined with the Whitehead torpedo factory legacy, the body of the torpedosaurus being constructed from real torpedo casings. The throne reflects King George III's love of the town as a holiday destination.

# Brazil to meet Bollywood at carnival!

BRAZIL and Bollywood are joining forces to bring a new theme to Weymouth Carnival.

Let's Make it community groups are starting the Baianas project on Saturday, July 5th, and it will run for two hours every week for four weeks.

Weymouth and Portland community development officer Julie Hursthouse said: "The theme will be Carnivals around the World. Older people are respected and hold a place of honour in carnival processions. They are known as Baianas and there are traditions associated with their style of costume and dance.

"We would create two groups of Baianas, each with their own costume designs, who will come together and perform in this year's Weymouth Carnival.

"It will be quite spectacular and a lot of fun for the participants. Again it encompasses movement for fitness, creativity, working together, socialising, avoiding

isolation, uplifting activity, and achievement.

"People don't have to turn up to all of the sessions, just one or two, but they should register their interest with me if they want to make a costume. It is all free.

"We want to bring together people from all neighbourhood areas to share new skills in a fun and creative manner. The activities will be affordable and open to anyone who wishes to attend."

Expert help will come from Bishan Mazumder from who has studied dance at the famous Shilpocala Dance Academy, one of the leading academies in Asia, where he trained in classical Indian and Bangladeshi folk dance, contemporary dance and Monipuri dance.

Now Bishan wants to pass on his passion for Indian dance in the UK through his Bollywood dance classes.

## The Christian Column

### AS I SEE IT ... by Geoff Treleven

## Set in stone

WHEN I was young, my father told me that the laws of our nation were based on The Ten Commandments. Regrettably, I don't think I could say the same today. However, I was recently interested to realise the importance of The Ten Commandments in that they were written on tablets of stone by the finger of God.

When Moses saw that the Israelites had broken the first commandment by worshipping a golden calf, he was so enraged that he shattered the tablets by throwing them to the ground. In effect, the tablets were now broken alongside the commandment. As punishment, Moses burned the calf in the fire, ground it to powder, scattered it on their water and made them drink it. Afterwards, God wrote on a second pair of tablets and these were retained and eventually kept in the Ark of the Covenant.

As I arrived to take a Sunday morning church service, I was greeted by the church secretary who apologised because their printed orders of service had not arrived back from the printers.

A church with established service orders needs to remember that their traditions are not to be set in stone for all future time as the Ten Commandments were.

## Jason named Man of the Year

WEYMOUTH slimmer Jason Peters is celebrating after being named "Man of the Year" at his local slimming group.

Slimming World attendees who meet weekly at the Fire Station, Weymouth, voted Jason as their "Man of the Year" after he lost an incredible seven stone in just over a year, reaching his target weight.

Jason joined the slimming group on the day the Weymouth group launched in May 2013 when his health was suffering. He had been diagnosed with severe sleep apnea and type two diabetes and was on a lot of medication. Jason also had an overactive thyroid and was unable to carry out simple day to day activities.

An embarrassing experience on a tram, which saw him get stuck on the narrow steps leading to the top deck, led Jason to finally do something about his health and weight.

After losing his weight Jason is no longer taking any medication for his diabetes and has an appoint-

ment at a sleep apnea clinic where he is confident experts will take his special breathing machine back as he no longer needs it.

Since losing his weight Jason takes long walks with his grandchildren and is now a regular visitor of the gym. He is looking forward to returning to Seaton this summer for another ride on a tram, but this time sitting proudly on the upper deck.

## Private Lives at Nothe Fort

WESSEX Actors are back at Weymouth's Nothe Fort with their production of Noel Coward's "Private Lives" on Saturday, June 28th.

Coward wrote the play in just four days while he was convalescing from flu on tour in Asia.

It was criticised by Lord Chamberlain as being too risqué but, having been told the love scene was to be done tastefully, it opened in the Phoenix Theatre in London in 1930 and has since become a classic.

The fort will be open from 5pm for those wishing to bring in picnics before the play starts at 6pm with the Fort View Café open after the show for a two course dinner to include a glass of wine or a coffee for £12 which must be pre-booked.

Advance tickets for Private Lives, priced £12 for adults with children under 17 at £8, and the after show dinner at £12, are available from the fort reception on 01305 766626 or online through their website [www.notheort.org.uk](http://www.notheort.org.uk).

Tickets on the gate cost £2 extra.

# Weymouth Matters

A personal View by HARRY WALTON

## A Walton family holiday

ONLY on a quirky holiday to Crete could you find yourself sat under trees by a fountain chatting with two elderly sisters who turn out to be direct descendants of Buffalo Bill Cody!

But that's what happened when I took my family on a fortnight's holiday to the resort of Stalis as part of celebrations for my 60th birthday.

The sisters, Stalis regulars, proudly detailed their family connection to the famous Wild West legend over a beer or three at the lovely Amazonas apartments where we stayed.

It was not the first offbeat moment we had starting with our arrival which saw us battle our way down to a local taverna in winds gusting to more than 50mph. Our meal was a bit surreal as we tried to time conversation between the whap-bang noises of canvas walls being sucked in and out by the gale.

Fortunately it was the worst weather we saw and long sunny days soon followed exploring the coast, mountains and plateau area near our resort.

There were the delights of rock cisterns, a 2,000-year-old tree and a church with a bell made from the recycled nose cone of a German bomb at Krasi or quaint churches, a ruined olive oil factory and top quality crafts at Mohos.

Both were reached using a contraption very similar to Weymouth's seafront land train dubbed the Happy Train by its Cretan operators. Locals call it the Wally Wagon!

We tried to have one day doing something and one day relaxing, so other busy trips spaced out between siesta days included a stroll round the ruined Minoan palace at Malia, a fascinating tour of the open air museum at Lychnosta and a brilliant nine-hour jeep safari. This last took us literally not just off the beaten track but off any kind of track at all as we followed breathtaking mountain path routes to see everything from Griffin vultures to ruined windmills and from ancient cave systems to a valley of goats.

Other days involved bus trips west to the neighbouring resort of Hersonisos or east to the chic resort of Agios Nikolaos with its central lake surrounded by restaurants.

And then there were the nights which provided superb meal after superb meal, all washed down with icy draughts of beer or devastating shots of Raki, a fiery spirit described by one jaundiced member of our party as being made from toe-nail clippings. You certainly didn't get it on your clothes!

Appetites honed by fresh air and miles of walking were sated by mouth-watering lamb

dishes such as kleftico or the stunning creation involved with a special mountain pork dish based on herbs with thick slices of potato packed in around it, the whole dish being gently cooked for four hours until it just melted in the mouth.

There were Greek salads with sharp feta cheese, famous traditional dishes such as moussaka, treats such as Greek yoghurt with rich thyme honey, grilled octopus, regional delicacies such as rabbit stew or an incredible array of fish dishes from red snapper and swordfish to Dorado, sardines and bass. The choice was endless.

One riotous Greek night at our favourite taverna, Hellas, saw all of us tuck in to mountain pork washed down on a wave of Raki to fuel a furious dance up and down the street led by the owner and backed by a top class bazouki player. And the reward for taking part? Everyone got a banana!

Shining throughout our holiday was the wonderful Greek hospitality I have come to treasure. If you dropped in at a restaurant to book a table for that night then there was no: "Thank you sir and we look forward to seeing you tonight."

Instead you were warmly greeted, taken in and sat down for a chat while staff hurried to

bring you chilled cherries and a glass of raki or fresh juice. By the time everyone had checked on each other's health, commented on how hot it was and talked about what we'd all been doing then booking the table became almost incidental to relaxing among friends. I actually had to delay one booking while the chef brought out that night's planned signature dish and asked me if I felt it needed a little more salt!

I took more than 500 photographs, bought everything from honey to tableware and from olive oil to a large ceramic lantern, made new

acquaintances and was joyfully welcomed back to Stalis by old friends.

Five out of our seven-strong party had never been to Crete before. All of us vowed to come back again and toasted that sentiment in 25-year-old wine given us as a gift by our favourite taverna owner.

Everyone has holiday memories and this break to celebrate a landmark in my life gave me some wonderful sunny snapshots to fondly look back on when the rain is running down our windows and winter is snapping at our heels.

## Care homes scoop Star Awards

CARE home staff in Weymouth and Dorchester are celebrating after winning at Care South's fourth annual Stars Awards.

The company awards highlight and reward good practice, commitment and dedication among staff who have been nominated by their colleagues and people who receive their services. The awards also celebrate the achievement of staff who obtained qualifications during the year.

This year, kitchen staff at Care South's Mount Pleasant care home in Weymouth took home the award for Best Care Support Services in recognition of their commitment to the wellbeing of the home's residents.

Head chef, Jenny Tyler, assistant chef Carole Udall and kitchen assistants Sarah Howkins and Linda Ralph have worked together for the last ten years and were nominated by fellow colleague, Mount Pleasant home administrator Philippa Gunn.

Philippa said: "The kitchen team always go the extra mile to meet the needs of our residents, meeting any dietary requirements and taking the time to ask residents about their favourite foods. Residents are always delighted on their birthdays when the team brings out a homemade cake and puts on a fabulous afternoon tea spread for them."

"The team always celebrates special days, such as Shrove

Tuesday, when they were busy tossing pancakes with residents and working hard to make the day special."

Meanwhile, Maiden Castle House care home in Dorchester was awarded Best Activities Programme for the varied activities and events that staff organise for residents. These include trips out in the minibus, the recent construction of a special sensory garden for residents, live music performances by local performers

and inviting pupils from Sunninghill Preparatory School and The Thomas Hardy School into the home for special activity sessions.

Maiden Castle House home manager Dawn Palmer said: "We are thrilled to have won this award at Maiden Castle. Our activities co-ordinators do a brilliant job of organising a range of exciting events that have residents talking about them for days afterwards. This award reflects the

hard work and imagination that staff put in to ensuring our residents enjoy the best experiences."

Care South chief executive Susan Willoughby said: "The kitchen team at Mount Pleasant and the activities co-ordinators at Maiden Castle House set an outstanding example in their dedication to providing quality care."

"We're very proud of the hard work and commitment of our staff who regularly go the extra mile to make a real difference."

▲ Deborah and Gavin on their wedding day.

THE House of Fairy Tales, Deborah Curtis and Gavin Turk are proud to support the work of Alison Curtis at Clarondene Residential Care Home in making the last years of her residents' lives as fun and joyful as life should be. We need more small care homes who can ensure that people are not institutionalised but cared for in a homely environment and the legislation monitoring standards in care homes should take into consideration size and the wellbeing and zest for life of the residents.

My mother runs her care home as she brought up me and my sister, with a huge embracing energy of love, fun and the unexpected. Her residents are ending their days with warmth, humour and unlimited kindness from Alison and her great team. My husband, Gavin Turk, and I have no hesitation in recommending her home to families thinking about residential care in the exquisite surroundings of the famous little Dorset town of Lyme Regis, because your loved one would be cared for with the love that you would expect to give them yourself.

## A special message from Clarondene...

I LOVE living in Lyme Regis, however little I get to see of it. The squabbles of the Council, the myriad groups and energies around

the place, the nonsense of the road system, the divisions between 'originals', incomers and newbies, and ...the sheer stunning beauty of the place. I have lived an international life seeing some lovely parts of the world, but the view down Cobb Road thrills every time!

Running Clarondene gets harder daily with all the regulations and regulators, all designed to protect and support but in practice taking energy away from those who need it. The last section of life is the most challenging (I used to think it was adolescence but NO!) , full of loss: the names in the address book, the status of work, family and home, physical challenges and then the struggle to remember or find someone to share those memories with. It is heartbreaking to think that some people in this time of life are then looked after inadequately or even badly, but no-one could say that of the Residents of Clarondene, not even the Inspectors who criticise us.

Drop by, have a cup of tea, and enjoy the positive energy that is Clarondene. We'd love to welcome you, hear your news and tell you ours! Or stay for respite, we have a room available.

▲ Vi, Milo and Andreea.

– Alison, Mandy & the Team

MY mother has found her niche at last! After a lifetime of teaching in England and abroad, she took on the role of carer to my grandparents with devotion. When granny couldn't manage alone after grandpa died, it was a logical step to buy a small home so granny could be safe and supported. Mum was keen to avoid the social isolation granny was drifting into as she withdrew from her previously busy life, and believes that how the residents spend their time is the most important aspect of their care. Granny didn't live to 102 as her mother had done, but Clarondene continues as a creative, caring hub in the centre of Lyme Regis, where dancing, laughter, and arts and crafts are the aims of the day. Well done mum!

▲ Margaret intrigued by the Art Box.

CLARONDENE is a small, residential care home offering both respite and long-term care for the elderly.

The home is located in the beautiful seaside resort of Lyme Regis, a short walk from the town centre and local transport links.

Clarondene benefits greatly from being part of the busy and lively local community. Alison Curtis, the owner and proprietor, lives in and is thus able to ensure that all residents receive the best possible level of care at all times. The atmosphere at Clarondene is warm and

friendly, with family, friends and neighbours always most welcome to drop in at any time for a cup of tea and a chat. Clarondene is very much a "home from home" where residents can relax and feel comfortable and secure. All residents are treated as individuals and their needs and choices are respected. They are very much encouraged to take life at their own pace. Meals are taken together and there is a comfortable lounge and sunny garden where residents can socialise. If they prefer, residents may take their meals in the familiar surroundings of their own room, where they can also enjoy quiet time if they so choose, perhaps listening to music, watching television, reading or chatting with one of the carers.

▲ Ready, Steady, Cook. Easy there, Cyril and Vi!

▲ Busy people are happy people.

▲ Bim entranced by her book.

MY MUM is kept comfortable and cared about at Clarondene. She's been there since February 2012, and although her condition means she can be challenging, the staff are constantly searching for new ways to meet her needs and reassure her.

With regard to inspections and regulations, I have been involved in Health Watch, the national Watchdog, for some time, and it is my opinion that small places like Clarondene should not be judged on exactly the same basis as multi-million pound set-ups, but initiatives and targets should be allowed to filter down. I was able to give entirely positive feedback to CQC and am thoroughly happy with my mum's care.

At Clarondene, family and friends are always made welcome and kept informed, mum's clean and tidy, and residents are taken out to local events and enjoy trips in the bus. Thank you.

(Son of a current Resident)

MY MOTHER was given 'a good death' at Clarondene. I could stay there with her whenever she needed me, I was telephoned at every change, and was able to feel that mum was peaceful and drifting away at her own pace. We read to her, we sang to her, we played her favourite music, and I was able to enjoy her Funeral as a 'life celebration' with no regrets.

(Daughter of a passed away Resident)

## Testimonials from friends of Clarondene Residential Care Home

THE Christians meeting at Bethany Chapel in Coombe St have been very happily associated with Clarondene for well over 6 years.

This is mainly for a regular Sunday afternoon service which the residents appreciate, singing along with us, often to old favourites from their Sunday School days. As work permits, the staff often join in singing with the residents and helping them find the place in the song sheets. Sometimes visitors are also present, joining in too, to add to the happy family atmosphere we always find there.

Residents also attend our Sunday afternoon services at Bethany, Cyril every week, others from time to time. We also make other visits to Clarondene, sometimes to see individual residents, especially when unwell and needing an extra bit of cheer or comfort.

We often think of everybody at Clarondene as an extended part of our congregation, and count it a privilege that Alison and everybody there are so happy to welcome us into their home. As we see it, it is home from home, where we always feel at home when we visit!

(Rob Greenman)

CLARONDENE is a unique Residential Care Home in this day and age: small and intimate, where residents are immersed in a close and personal relationship.

Having worked in larger establishments, it was lovely to find a care home where the owner is so 'hands-on' and available to the needs of the residents and staff 24 hours a day. The priority is the care, wellbeing and happiness of all the residents at Clarondene.

It was an absolute joy to have worked with all the residents and staff at Clarondene and my work there only ended due to relocation. I congratulate Alison and the Team for their care and wish Clarondene well.

(Recent staff leaver)

DAD came for a respite stay when he was at a low ebb and Alison went out of her way to support him to be comfortable and confident enough to go home. She was able to collaborate with the GP to get a better picture of his needs and adjust his medication. I liked that he was encouraged to maintain his independence and join in activities as he felt he wanted to, in his room or in the lounge with the group.

(Daughter of a Respite Resident)

# Former racing legend tells all in new book

A DORCHESTER man who dominated the British Touring Car scene in the 1980s, and also survived a high speed Le Mans crash, has been signing books about his life.

Win Percy, who now lives in Poundbury, started his racing career whilst working locally as a mechanic.

His first race was in 1964, a time-trial event in Weymouth which he won in a 1200cc Ford Anglia, beating other, bigger engine cars. It led him to join the local Woolbridge Motor Club. Ten years later he was a professional driver, going on to win the British Touring Car Championship three times in the early 1980s, also becoming the most successful driver ever in the Australian national motorsport event, the Bathurst 1000km.

Percy made the headlines at Le Mans when a tyre exploded at 240mph. Despite the car flipping into the air at tree height, coming down 600m later, he

walked away from the crash.

In Australia he made his name taking charge of the General Motors Holden team and, as well as managing the team as a driver, won the Bathurst 1000 in 1990, finishing second the fol-

lowing year.

He continued in motorsport driving a variety of cars including big Jaguars and Mazda which local people will associate him with through the brand garage at Upwey and can still be found taking an active

part at Goodwood events.

Now in his 70s Mr Percy says he was persuaded to write about his exploits with the help of former race driver Spike Anderson who carried out some of the research, found old photos and assisted in putting the book together.

The project took three years and the books are

now available locally from the Dorchester Collection in London Road where he signed copies at the weekend.

In typical fashion he admits to not yet having had the time to sit down and read it but says he was chuffed that Stirling Moss was more than happy to write the foreword.

## TRICKS TO DISGUISE THINNING HAIR

WITH the introduction of anti-aging hair products, the issue of women's thinning hair is finally getting the attention it deserves. Whether your hair thins as you age or you experience thinning your twenties (called alopecia, the condition is triggered by genetics and even bad nutrition choices), there are simple cuts, coloring techniques and styling tricks that can disguise sparse strands. We caught up with **Diane Stevens**, Lead Stylist for **Nioxin** (the brand known for treating hair thinning) on how she camouflages thinning hair on her clients.

by Shannon Farrell

**GO OMBRÉ** - Starting with a darker base and slowly getting lighter towards the ends creates the visual effect of thicker hair at the tips. Go one or two shades lighter at the base for a subtle color change.

**ADD MULTIDIMENSIONAL COLOR** - Create movement and the illusion of fullness with this color trick. "Have your stylist use different tones and levels to create a soft, multidimensional look," Stevens says. "Oftentimes, I use three different formulas to do so. I use one shade that is my client's natural base color, one that is slightly lighter and a third that is slightly darker. This creates a look that includes a play of light and dark shadows." However, she warns against too many highlights. This draws attention to thinning hair at the roots.

**CREATE VOLUME WITH YOUR CUT** - Adding layers throughout the hair creates lift, volume and movement. Stevens recommends a strong bang with soft layers like Michelle Obama's or a side swoop fringe with soft layers like Jennifer Lawrence's. These styles "give the cut a much denser appearance and will make the hair look less fine and fragile," she says.

**STYLE IT RIGHT** - "For instant volume, I love to start with Nioxin DiaMax (\$50, nioxin.com), a leave-in scalp treatment that actually increases the diameter of each hair strand," Stevens says. She recommends creating long-lasting shape by setting hair with hot rollers or pin curls. "Gradually layer in styling product and add as needed to achieve the desired result." She also advises to not over-dry because hair will lose its manageability and fall flat.

## Susan Gale Hypnotherapy

### A healthy mind in a healthy body

OR, as the Romans said, "mens sana in corpore sano". Nowadays we realise that Emotional Health is important too. All aspects need to work together to keep us well.

If you feel bad in yourself, it preys on your mind and if you still try and ignore your feelings, you can end up developing physical symptoms. The physical effects of Psychological Stress are well-known nowadays but Emotional Stress can be even more harmful. And being told to "pull yourself together" just makes things worse.

Hypnotherapy can help in many ways. To clear bad feelings, even old ones from years ago. To help you deal with things differently in future. To restore confidence and well-being. To boost your sense of self worth. And much much more.

The mind is an amazing thing. Especially your subconscious mind.

Generally it works very well. But sometimes it needs a bit of help. If it's stuck in a bad rut, you can be fighting yourself, wearing yourself out. And still not be able to break free. Hypnotherapy can help.

Susan Gale, of the Beltain Centre in Dorchester, can use hypnotherapy and her years of experience to help you.

She has a very down to earth approach and always tailors the therapy to the person.

Susan has been work-

## Dorset Weight Loss

### Lose weight by changing your lifestyle habits and behaviour

CHARLIE Bartlett is a weight loss consultant specialising in behaviour change. She is a postgraduate of weight management as well as being qualified in life coaching and behaviour change.

▲ Charlie Bartlett

Over the past ten years, she has helped hundreds of people to lose weight and keep it off, and has now set up Dorset Weight Loss in Dorchester.

"Many research studies have shown that people can significantly increase their chances of losing weight and keeping it off when they receive behaviour change intervention as well as reducing calorie intake and increasing exercise. 95% of people who use a diet-only approach lose weight but then put it all back on – over and over again. So, what I do is give people a much more comprehensive approach to weight loss which uses not only a calorie-controlled diet but also behaviour change counselling. I help people make simple but effective changes to their lifestyle behaviour and habits so they can maintain the changes for the rest of their life."

The new eight week weight loss and behaviour change programme is specially designed to give people the optimum chance of losing weight and keeping it off. All sessions are on a private 1-2-1 basis.

"I am so confident that people will lose weight on the programme that I offer a full refund for anyone who doesn't." Isn't it time to try something different?

## Going fossil hunting 21st century style!

FROM exquisite starfish and elegant ammonites, to terrifying teeth and pre-historic poo!...finding fossils has never been easier thanks to a new online database.

The Jurassic Coast Fossil Finder showcases almost 1,000 fossils held by museums along the Dorset and East Devon Coast. It includes specimens that date back over 500 million years.

Each fossil has been professionally photographed, and is accompanied by a magnifier which reveals the most intricate details.

Some were also photographed in 360 degrees, so you can see them from all angles. There is a description of each fossil, together with a fact sheet which gives the scientific data.

Councillor Colin Jamieson, Dorset County Council Cabinet Member for Public Health and Community said: "This is a fantastic resource, not just locally but globally. The Jurassic Coast has a wealth of fossils, and the database means that anyone can access them from anywhere."

The Fossil Finder also includes general information about fossil types and how they relate to modern-day creatures.

Richard Edmonds, Jurassic Coast earth science manager and consultant on the project, said: "We were careful to write the text so that there is something for everyone – from fun and accessible facts for children and beginners, to more in-depth information for specialists and geology students."

"We hope the Fossil Finder will capture people's imaginations and inspire them to go and see the fossils for real in the museums."

The project was run by the Jurassic Coast Museums Partnership, and supported by Arts Council England, Natural England and the Museums Advisory Service at Dorset County Council. It is one of several exciting initiatives to enhance the appeal of the museums.

# Appeal launched to save the Barn Owl

Dorset Wildlife Trust (DWT) is launching an urgent appeal to provide help for threatened barn owls in the county, after numbers have plummeted following their worst breeding season for 30 years, in 2013.

The barn owl was once a common sight in the British countryside, but the UK population fell by 70 per cent between the 1930s and the 1980s, with just 4,000 breeding pairs surviving by 2000.

DWT is hoping to raise £27,000 to give the species a fighting chance to survive.

Changes in weather patterns and farming practices are the two most crucial factors responsible for the decline. DWT's Director of Conservation, Imogen Davenport said: "These iconic birds are under threat, having suffered four successive years of unusual weather, with long winters, cold springs and wet summers."

"We must act now to improve their

habitat, provide nest boxes which they readily take to, and raise awareness of their plight. Ninety-seven per cent of the UK's rough grassland, that harbours field voles and other small mammal prey, and is a preferred hunting ground of barn owls, has declined; many old, traditionally managed hay meadows have disappeared, and there has been a huge loss of their traditional nesting sites, such as hollow trees, old barns and derelict farm buildings."

Support is urgently needed to complete the project over the next two years.

Part of the work will include constructing barn owl boxes in suitable habitats, visiting landowners to offer advice about how to manage land to benefit the barn owl, and delivering educational talks and guided walks for schools and communities, to encourage recordings of barn owl sightings, so we can monitor their progress.

With just a couple of better breeding

■ THE Barn Owl Photo by Stewart Canham

seasons, the population should rise again. One hundred per cent of funds raised will go towards the conservation work.

Dorset Wildlife Trust is fortunate in having a breeding pair of barn owls in an owl box at its Lorton Meadows Nature Reserve, Weymouth, which can be watched on its webcam:

[www.dorsetwildlifetrust.org.uk/webcam](http://www.dorsetwildlifetrust.org.uk/webcam).

To help barn owls, information about the project and donations can be made by completing the form online at [www.dorsetwildlifetrust.org.uk/barnowl](http://www.dorsetwildlifetrust.org.uk/barnowl) or by sending a cheque/postal order/CAF charity voucher, made payable to Dorset Wildlife Trust.

## Free NHS health checks offered to test for diabetes risk

DORSET residents aged between 40 and 74 are being advised to have a free medical check to assess their risk of developing diabetes.

The twenty-minute NHS Health Check also assesses people's risk of developing a range of problems, such as heart disease, stroke and kidney disease.

Based on the results, people who have a check are given personalised advice about how to reduce their

risks, and opportunities to improve their health. This can include sending people for further tests, if necessary.

Dr David Phillips, Director of Public Health Dorset, said: "Diabetes can be a difficult condition to live with but it can also be prevented or delayed if people make positive changes to their lifestyle early on."

"It is really important people see the benefits of

having a health check."

The local NHS Health Check programme is organised by Public Health Dorset and delivered through GP practices and pharmacies.

Anyone aged between 40 and 74 who has not already been diagnosed with a cardiovascular disease, and has not had a health check within the last five years, is eligible and can book a health check through their GP or a participating pharmacy.

## Norton Woodwork

JEREMY Norton is a local cabinet-maker that makes furniture of all kinds to order. He does the job because he loves it and uses traditional cabinetmaking techniques to produce competitively priced high quality furniture in his workshop near Crewkerne. Jeremy regularly undertakes large projects such as kitchens and libraries and gives free estimates. To get a better idea of the kind of work he does and what it looks like, have a look at his website: [www.nortonwoodwork.com](http://www.nortonwoodwork.com)

### This is what his latest clients said:

"We first engaged Jeremy to make some oak library shelves, because he shares our enthusiasm for using real wood. These looked (and still look) beautiful and we were very pleased with them, so we asked him to build our kitchen and laundry units and a free-standing walnut sideboard. Jeremy accommodated our design requests, with technical guidance and aesthetic suggestions, and gave us just the layout we wanted, making the most of awkward spaces that would have gone to waste with

standard units. He has also been prompt and unquibbling in dealing with snags. We are delighted with all the furniture Jeremy made and it receives many compliments - especially the bare wood pieces, for which Jeremy took great care to choose attractive wood and added various cosmetic touches, like bookmatched panels and some marquetry."

local, seasonal produce with much coming from a 5 mile radius of their front door. You can enjoy a selection of locally caught fish such as Lyme Bay scallops and Devon white crab, fresh game dishes or their legendary organic burger and pizzas. ## Alleyways Bridport Antiques Centre

### The ever changing scene at the Alleyways Bridport Antiques Centre

"TIME stands still for no man" and never a truer word spoken as to the ever changing eclectic mix of furniture, paintings, clothing and items for the home at The Alleyways. The only thing that stays constant are the actual traders, although they do tend to grow. Due to some reorganisation we are really pleased to welcome back Kris & Terry of Unit 54B with their beautiful mix of French and Rustic antiques, vintage and collectables. Their new display is a site to behold.

This week we'll be welcoming a new trader to the centre, Magali Pascual with her restored and painted furniture plus objet d'art, welcome and bonne chance!

We recently had a visit from local photographer Doug Chalk and he took some excellent shots around the emporium, some of which are featured in our new advert, thank you Doug. For more of his photos visit our Facebook page.

Exciting how technology like Google Street View can have many applications. Just recently we had the centre filmed and we now have "Google Alleyways View" live on the web. If you search the net for "The Alleyways Bridport Antiques Centre" you'll find a box to your right which shows a loca-

tion map, photos plus a chance to see inside and take a stroll around the centre: take a stroll round The Alleyways.

We're currently gearing up for this month's Bridport Vintage Market on Sunday 29th June with lots of extra stock for you to browse so why not come down to the Art & Vintage Quarter on the St Michael's Trading Estate and enjoy the Antique & Vintage experience.

## INDIE ROCKERS THESE REIGNING DAYS COME TO BRIDPORT

THESE Reigning Days' first gig was supporting Metronomy to a crowd of 1000 people. To say that the band had a good reception is an understatement. They attracted the attention of their local BBC Introducing rep, and were one of the first bands to be featured on his radio show when he described them as "...an incredible band. I'm a massive, massive fan."

The last two years have shown that that early confidence was not misplaced as These Reigning Days have garnered support from some of the most influential people in the industry and gone on to play on some of the biggest world stages and built up a loyal fan base. They have just joined the likes of Mumford and Sons, Adele,

Dylan, Fleetwood Mac and Aerosmith on the roster of booking agents ITB. Their songs have already been placed in major feature films and on MTV. They attracted the attention of Live Nation in Italy and played in front of 60,000 people supporting Bon Jovi at the San Siro stadium in Milan. Their single Too Late subsequently rose to the top of the Italian charts. In Poland they played the prestigious Polish Wood-

stock and have now been booked to return there for prime time main stage slots in front of an audience of

500,000 people. They have toured with The Feeling and played at Glastonbury, Liverpool Sound City, Go North and Boardmasters.

These Reigning Days will play at Bridport's Electric Palace on Friday, July 11th as part of the 'Transformer' programme, and will be supported on the night by Bridport's own HUSH!

The evening begins at 8pm, and tickets are £5 on the door.

Set in a delightful thatched converted stable block near the centre of the village, Dansel houses a superb collection of high quality handmade items; everything on display is made in wood and chosen for its design and quality of finish.

The range includes individually designed pieces of furniture, elegant jewellery boxes, one-off decorative carving and turned work. We also exhibit practical kitchenware, ideas for office items, toys for children and wooden jewellery.

Everything is for sale and highlights the inventiveness and versatility of the woodworker. We also have a small café which serves fresh coffee and teas.

Selwyn and Danielle Holmes opened the gallery in 1979, so coming up to their 35th year in Abbotsbury in August this year. It was initially dedicated to selling their own work but soon welcomed other artists in wood to join them. This has created a fascinating selection of woodwork displaying a huge range of timbers.

## Osprey Leisure Centre

## Summer Kid's Club 2014

THIS school holiday Osprey Leisure Centre has programmed the usual variety of popular activities for kids aged 5-14 years from 21 July through to 2 September on the weekdays but excluding the August Bank Holiday Monday.

Amongst the usual mix of activity days Osprey is now offering an indoor football academy on Tuesdays and Thursdays which when added to the half day multi activity sessions on the same day give 2 extra full days from 9am - 4pm

which have recently been added to the programme earlier in the year.

Many children love using the inflatable obstacle course during private pool parties but have the rare chance to attend the junior sessions for the over 9's which take place on Tuesdays and Thursdays from 2pm - 4pm for only £3 per child for a full 2 hours.

Now that the Legacy Cafe is open parents have the chance to add a lunch for only £2.50 to the

day so another worry is taken away from them.

What better than to give your children the chance to have a great time in a safe indoor environment whilst expending much energy, having lunch, being active and having fun this summer season?

For any further information on the above or the adjacent adverts please feel free to contact the centre on 01305 824378 or visit the centre's website.

## Lyme Alpacas

THE Lyme Alpacas farm, in Ware Lane, near Lyme Regis is home to sixty elite alpacas. Grazing the cliff tops, looking out to sea and the Cobb harbour, they have a breath-taking view. Taking advantage of the best weather & pasture, we time our alpaca births for June/July each year, so now is a great time to visit the farm. We shear the alpacas in July using their fantastic fleeces to grow our range of 25 knitting yarns, from chunky to lace-weight. Most of the range is comprised of natural alpaca colours (there are more than 20!). For extra fun we use vegetable dyes to create beautiful, pastel floral shades of pink, blue and yellow. Yarns are available at the farm.

Lyme Alpacas is also home to TANGLE THE BEAST, and you can visit the studio to view or purchase the nature inspired fleece sculptures and scarves.

Call 07887 511774 or email [info@lymealpacas.co.uk](mailto:info@lymealpacas.co.uk) to arrange a farm walk, see the alpaca babies (a birth if you are very lucky) and visit the yarn shop / studio. [www.lymealpacas.co.uk](http://www.lymealpacas.co.uk)

## Seaton Tramway

### A fascinating family day out

SEATON Tramway runs for three miles through East Devon's glorious Axe Valley. Views of the estuary and its wading birds are unrivalled from the popular open toppers, whilst enclosed saloons maintain comfort during bad weather.

The Tramway originated from a miniature system in 1949, which evolved into Eastbourne Tramway (1954-1969). The move to Seaton occurred in 1970, after the com-

pany purchased the trackbed of the ex-BR branch.

The terminus is in Harbour Road Car Park, Seaton, from where the trams take you through the Axe Valley to Colyton. A day out on the heritage tram line is fabulous fun for all ages and nature lovers will be in awe at the abundant birdlife as your journey takes you through two nature reserves.

You can break your journey at the gift shop, café and garden

room, which offer a range of souvenirs, hot and cold food, and of course delicious cream teas! The town centre is just a short walk away, where popular sights include the 12th century church, with its unusual lantern tower.

Come along and discover the wonders of Seaton Tramway and the beautiful local area for yourself this summer.

Please visit [www.tram.co.uk](http://www.tram.co.uk) for further details.

## Lower Bruckland Nature Reserve

LOWER Bruckland Nature Reserve is an area of natural beauty situated just off the A3052 near Boshill Cross, Musbury, near Axminster, Seaton and Lyme Regis, on the border of East Devon and Dorset. It commands striking views over the beautiful Axe Valley. Its accessibility, and the shelter afforded by the brimming hedgerows around also ensures that time spent on the grounds will be in peaceful and pleasant surroundings, making the site ideal for artists and photographers, walkers, and people with an interest in nature and wildlife.

There are also a number of landscaped lakes, which at the same time are an important home to a plethora of species, all varied in size and aspect and quite distinct owing to the flowing, interesting contours of the land. Visitors who are around at sundown will appreciate the spectacular sunsets that can be seen from the lakeside cafe serving morning coffee and afternoon teas.

We specialise in cream teas and locally made ice creams – perfect for those hot summer days.

We are open 11am-5pm every day except Tuesday, when we have a later opening time of 1.30pm. Opening

times may vary in very wet weather—to check please call Jo on 07596 715203.

## Alpha Alpacas

ALPHA Alpacas just south of Melplash, on the A3066, opened their gates to the public last summer after many years of people stopping to peer over the gates at the alpacas. The herd is one of the top herds in the UK. The Alpaca Experience is being run in con-

junction with the Pymore Inn who are providing the cream teas and acting as the booking agents. The Experience will allow visitors to learn more about these fascinating creatures, who originate from high up in the Andes. They are bred for their very

fine fibre, which is used to produce both knitwear and worsted cloth. Alpacas have been in the UK since Victorian times, but it is only in the last 15 years that they have been farmed commercially – there are now more alpacas in the UK than goats! Alpacas come in all colours from white through to black and during the Experience visitors will have the opportunity to learn more about alpacas and their fibre, followed by a leisurely walk around the 15 acre farm to see the 60+ alpacas on the site. Before enjoying a Dorset Cream Tea there will be the opportunity to take an alpaca for a walk. Alpaca products will also be on sale. To book – phone 01308 422625. Good footwear is advisable as the farm is a bio-secure and visitors will enter across a disinfectant mat. Parking available on site.

## West of England Laser Centre

## Moles, sunspots and other blemishes

THE West of England Laser Centre situated at Nuffield Health Taunton Hospital, can treat these plus other skin conditions by laser.

Sun spots and freckles – sometimes known as 'liver' or 'age' spots – exist where the body collects more pigment, called melanin. For removal of moles, short bursts of high laser light are applied, thus removing precise layers of superficial skin layer by layer until the lesion is significantly diminished/no longer visible. The precision of modern-day lasers minimises risks of scarring – unlike the older version lasers of the past.

Also available is laser removal of: facial thread veins, warts, verrucas, "blood spots", excess hair and tattoos. In addition various injection treatments are used to smooth away fine facial lines and/or to add volume and definition, eg. to the lips. Baggy eyelid problems can also be solved at the centre by a minor surgical procedure.

Our website at [www.welc.co.uk](http://www.welc.co.uk) provides details on all our treatments. For further information or to book a consultation please telephone 01823 331773 or e-mail us at [lasercentre@lineone.net](mailto:lasercentre@lineone.net).

# More Miracle at Maumbury Rings

*Take a trip with Miracle into uncharted waters,  
And find yourself wrecked on a treacherous shore,  
Beset by moon calves, puppy-headed monsters,  
And apes with foreheads villainous low...*

DORCHESTER Arts welcomes Miracle Theatre back to Maumbury Rings with another innovative outdoor theatre production of The Tempest on Saturday, July 5th, supported by Dorchester Town Council.

Celebrating 35 years of producing engaging, inventive and enjoyable theatre by bringing together a team of talented collaborators, past and present, Miracle create a fresh and musical adaptation of Shakespeare's timeless play that will delight audiences of all ages in this perfect summer setting. With the original text respectfully shaken and stirred, director Bill Scott liberally applies Miracle's offbeat and humorous style to this great classic with original music by Jim Carey.

Established in 1979, Miracle is one of the South West's key arts organisations, renowned for producing a rich mix of touring theatre, with a unique comic style, joyful use of language and an immediate visual appeal. It embraces digital technology and nurtures new writers, performers, venues and promoters.

## The Fab Beatles Get Back to the Marine Theatre

SINCE their beginning in the 1990s, The Fab Beatles have been widely regarded as one of the most sought-after and authentic sounding tribute bands in the world today. With concerts performed all over the UK, Europe, Middle East & the Americas, they pride themselves on professionalism & attention to detail, with each instrument and costume being an exact replica of the real thing. This includes the very same drum-kit Ringo used on The Beatles 1964 American tour. It is also well documented that the Fab

Beatles sound is the closest you will ever hear to the originals, subsequently named by the BBC as 'the best' and commissioned by EMI to promote the *Beatles 1* CD.

Returning to the Marine Theatre following their last sell-out performance here, they will lead us from 'Love Me Do' to 'Let It Be' with each period of the band's legacy superbly relived and recreated.

## BLIND SPOT

IN JULY 2003, in the aftermath of the Iraq War, the death of Dr David Kelly shocked the country and presented the Blair government with one of its most explosive crises.

There has never been an inquest and many questions about what took place in the Oxfordshire countryside remain unanswered.

An upcoming play at Bridport Arts Centre, *Blind Spot*, takes place over four days, and the activities of the police and security services are at the play's centre. What was the purpose of the police operation, started before Dr David Kelly left home on his fateful walk? And who was the one-pair-of-eyes American intelligence officer?

Written by owner of Wild and Homeless Books, Andrew Rutherford and Directed by the acclaimed Spencer Butler Andrew, the play that aims to explore Dr David Kelly's death as a fundraiser in aid of Bridport Arts Centre's Building Fund.

Spencer Butler said: "Although this play has at its centre the strange and tragic death of Dr David Kelly, its main focus lies with the police officers who were tasked with monitoring the events of the day in the Oxfordshire countryside, and how they were variously, and unwittingly, drawn into a plot master-minded by a mysterious American. The audience is asked to observe matters as they unfold and unravel."

I was attracted to direct *Blind Spot* because of its near history and, more importantly, because we must, if we can, hold to account the agencies responsible for running our society."

Tickets are £10 from [www.bridport-arts.com](http://www.bridport-arts.com), 01308 424204.

JUNE 1916: on the eve of the Battle of the Somme, the Hardy Players perform scenes from 'The Dynasts' by Thomas Hardy to raise money for the Red Cross. Hardy himself writes the script and oversees the production, and writes a foreword contrasting the 'scientific slaughter' of the current war with the chivalry and relative inefficiency of the long campaigns against Napoleon. The Players struggle to cast the play due to leading members being called up, but still the Show Must Go On!

As part of the commemorations of the Great War, The New Hardy Players re-create both the occasion and the performance of the original Players. The threat of invasion by France, the aftermath of the Battle of Trafalgar and the death of Nelson, and the final epic struggle at Waterloo are all seen through the eyes of the Wessex folk in Budmouth. Featuring songs and music from Napoleonic times and some of the famous songs of World War One, rich local dialect, vintage make-up and a mummer's play, this will be a performance with tremendous resonance and interest.

Director Tim Laycock is well-known to Dorset audiences through his performances with The New Scorpion Band and his many shows on local subjects.

Tim also provided the music for last year's Bristol Old Vic Theatre School production of 'Moonfleet', and for this year's Dorchester Community Play 'Drummer Hodge'.

◆ *Wessex Scenes* opens with two performances at Thomas Hardy's home Max Gate on Friday, July 11th and Saturday, July 12th, commencing at 7.30pm.

The show will also be performed at the following venues:

Other venues and dates are as follows:

Friday, July 18th at Bridport Millennium Green, 7.30pm; Saturday, July 19th at Minterne House, 7.30pm; Friday, July 25th at Watercombe House (near Owerwoigne), 7.30pm.

(NB These are all open air performances in evocative locations. Please bring a picnic chair or rug and warm waterproof clothing!)

Sunday, July 27th at Dorchester Corn Exchange, 8pm (a Hardy Conference event - all welcome).

There are 3 indoor performances in September, as follows: Wednesday 17th at The Tivoli, Wimborne Minster, 7.30pm; Saturday 20th at the Hope Chapel, Harbourside, Weymouth at 7.30pm; Saturday 27th at The Exchange, Sturminster Newton at 7.30pm.

## The Wondermentalist

Matt Harvey to perform at Bridport's Lyric Theatre

WRITER, poet, enemy of all that's difficult and upsetting, Matt Harvey's way with words has taken him from Totnes to the Wimbledon Tennis Championships via Saturday Live, the Edinburgh Festival and the Work section of the Guardian. He is host of Wondermentalist - Radio 4's comedy-infused, musically enhanced interactive poetry cabaret - and author of *The Hole in the Sum of my Parts*, *Where Earwigs Dare* and *Mindless Body Spineless Mind*.

On Saturday, June 28th, Matt Harvey takes to the stage at The Lyric Theatre in Bridport to charm and entertain audience members with the warmth and wit of his wonderful words.

Well known and loved in Dorset from various Artsreach tours as well as a guest appearance at a poetry slam in Bridport's Beach & Barnicott, Matt is the creator of Empath Man, who had his own mini-series on Radio 4 ("Very funny, very satirical" *The Times*) and his recent Edinburgh show also garnered excellent reviews. The Open University commissioned Matt to write a poem celebrating their 40th anniversary, and Flavio Ferrari's short film of Matt's Centenary Icons poem is on video loop in The Science Museum. Matt is now officially Poet in Residence for RegenSW, although he started 'unofficially' a while ago. It's so official it has a title, *The Element in the Room*.

Tickets are £10 from Bridport Arts Centre's box office: 01308 424204 and online at [www.bridport-arts.com](http://www.bridport-arts.com) and on the door, if available.

## Master Palmist Robin Lown will read your palms for free

ROBIN Lown is described by those that know him and consult him, as a 'Master Craftsman' of Palmistry, his accuracy being tested and proved in numerous TV and Radio appearances. His first appearance was on the Paul McKenna show, then Living TV's 'Date with Fate', and later with Granada TV's 'Psychic Show' and 'This Morning' as well as many others. He is now frequently featured in the National Papers, on Radio, and in Spirit and Destiny Magazine.

All are a testament to his unique skills, helping many leading personalities and others gain clarity and insight concerning their life patterns and choices.

Robin explains and demonstrates in simple and effective ways the links between personality, health and genetic inheritance showing how these complexities are mirrored like a life map in the hands. He works from hand prints on paper, photo-scans and even faxes!

The Slow Way is a collaboration between Mike Hall and Ian Olliver, both musicians who have been playing together for the last 5 years in the Psychedelic Folk band The Bag of Rats, based in Dorset. Performing songs written by Mike Hall, on acoustic guitar and double bass their sound has been described as "A truly beautiful combination of mellow acoustic instruments expertly played with loads of feeling".

They have been captivating audiences around the South

West of England for the last 3 months and have recently recorded their first album entitled "In the Whisky Hours" a collection of songs echoing tales of love, poverty and lust. A must for those of us who find ourselves still awake in the early hours contemplating missed opportunities.

Robin Lown - Master Palmist, with live music from The Slow Way, will be in the Electric Palace Foyer on Thursday, July 3rd at 7.30pm. Admission is free.

## Great Expectations ...from a suitcase

DORCHESTER Arts continues its summer programme of theatre with a skilful one-man adaptation of Dickens' epic story Great Expectations.

Co-founder of Kneehigh Theatre and renowned Cornish actor David Mynne inventively retells the profound and complex story of Pip's journey through life and using Dickens' own words.

Heralded as the WILDFIRE Critics' Choice Award at the Exeter Ignite Festival in 2013 and nominated for BEST SHOW in the What's On Cornwall Awards 2014 this production is sure to delight all ages.

Using a sparse prop and stage set up married with expert theatrical skill, David portrays a 'cast of thousands' in this completely stand alone production.

David is excited to perform at the Dorchester Arts Centre adding that the audience should 'be prepared to be scared and amazed, to cry and to laugh ...a lot!'. There will also be an opportunity to take part in a Q&A with David Mynne after the performance.

Dorchester Arts continues its literary theme within its summer theatre programme with the much-celebrated Miracle Theatre performing Shakespeare's The Tempest as an outdoor theatre production at Maumbury Rings on Saturday, July 5th. For more information on both performances and to book tickets visit [www.dorchesterarts.org.uk](http://www.dorchesterarts.org.uk)

GREAT EXPECTATIONS | David Mynne

## Rooting around the Ridgeway

TWO new and unusual reading groups are set to launch in Dorset through Artsreach this autumn. Aimed at exploring the wide range of literature inspired by and written about the South Dorset Ridgeway area, readers will be invited to delve into an exciting list of authors spanning three centuries, ranging from the familiar - William Barnes and Thomas Hardy, to the modern writings of Ian McEwan and Christopher Nicholson. The list dips into the Powys family with writing by John Cowper, Llewelyn and Philippa, and visits works by their friend, Sylvia Townsend Warner, whilst also allowing readers to enjoy the beauty of Kenneth Allsop's observations and the gripping fiction of John Meade Faulkner. Lesser-known works by authors such as David Garnett, Emma Tennant and Christopher

Priest will also be devoured and discussed.

A series of guest speakers will add to the experience, helping to deliver an insight into some of the more challenging writers. A walk within the South Dorset Ridgeway area to explore the landscape and settings of some of the writing is also planned. Readers will investigate and discuss common themes, look at the relationship between people and the landscape, examine trends and movements in literature and discuss why it is that some authors remain in print, whilst others do not. Readers will also examine how writers have used poetry, prose and fiction (both novels and short stories) in their response to the landscape, and gain a greater understanding of the South Dorset Ridgeway's inspirational qualities.

With support from The Grassroots Literature Fund and Batten Solicitors, the two groups will run once a month from October 2014 - March 2015, with an opportunity to take part again the following autumn. 'Roots' group will meet at the Elsworth Hall, Winterborne Monkton on Tuesdays, 7.30pm-9pm, and 'Ridgeway' group will meet at Strangways Hall, Abbotsbury on Sunday afternoons, 3pm-4.30pm. No specialist knowledge is needed to take part but places, at a cost of just £15 per person, are limited. For further information or to book, contact Artsreach on 01305 269512.

This project is part of the South Dorset Ridgeway Landscape Partnership series of projects, and is supported by the Heritage Lottery Fund.

Friends of RC Church  
to offer tea and cakes  
on summer Sundays

THE Friends of the RC Church and the church of St Giles are getting together to provide teas and delicious homemade cakes on Sundays through the Summer, at the little museum alongside the Church of Our Lady & St Ignatius in North Road, Chideock.

There is the chance of a walk along this delightfully green and leafy lane, followed by tea and cake.

If walking is not your thing, how about a car ride with plenty of free parking, and then tea and cake?

Or if you would like to know more of the history of the area, a visit to our small intimate museum, dating back to the Civil War and beyond, but including artefacts up to the present, might be just the thing. Rounding off a visit to see the wonderful pictures, including the famous Newberry painting, with tea and cake would be - well, the icing on the cake!

The Friends of the RC Church will be providing teas and cakes from 2.30pm to 5.30pm on the following dates: Sunday, July 20th and 27th, August 3rd, 10th, 17th, 24th, 31st, and September 7th.

# World Cup Fever at the Tiverton Balloon and Music Festival

THE Tiverton Balloon and Music Festival 2014 have caught the World Cup bug and are planning their very own football tournament, with a twist, to take place at the festival during the weekend of 11th – 13th July 2014.

Mixed teams of five, representing all the participating nations at this year's Brazil World Cup, will compete in a round robin tournament on each day of the festival, using large inflatables rather than a traditional football. The winning teams will then be able to play for prizes in the Grand Final on each day.

Festival Director, Arthur Street, said of the Alternative World Cup, "The beauty of our variation is that no matter how England do in Brazil, in our version they will still be in with a chance come the 11th July!"

Other highlights at this year's festival, which aims to raise money for local charities, Devon Air Ambulance Trust and Children's Hospice South West, include the amazing Mass Balloon Launches, dazzling Fire and Light Shows, Falconry Displays, Comedy Night (Friday), On-Site Planetarium, Kids' Zone, Artisan Craft Stalls and 50 plus musicians and bands performing across two music stages.

The Tiverton Balloon and Music Festival is to take place at the combined Petroc College and Tiverton High School campus on Friday 11th, Saturday 12th and Sunday 13th July 2014. To purchase tickets, including Camping, Group Deals and Premier Parking options, please visit [www.tivertonballoonfestival.co.uk/festival-tickets](http://www.tivertonballoonfestival.co.uk/festival-tickets), call the booking office on 01404 823 735, or pop in to your local Tourist Information Centre.

◆ The winner of the Balloon and Music Festival competition was Natalie Bishop of Seaton.

## Seat Leon X-Perience – Driving Fun on all Roads

THE new SEAT Leon X-PERIENCE, with permanent four-wheel drive and all-road equipment, offers driving fun wherever you may choose to go. The newest member of the successful Leon line-up combines emotional design with state-of-the-art technology, together with optimum usability and surprising versatility. With an exceptionally high level of performance and safety, the latest-generation all-wheel drive and a full array of state-of-the-art assistance systems, the Leon X-PERIENCE is offered with 2.0 TDI 150PS and 184PS outputs.

The new Leon X-PERIENCE completes SEAT's highly successful Leon range. Alongside the dynamic two-door Leon SC, the elegant five-door Leon, the versatile Leon ST estate and the high-performance Leon Cupra, the Leon X-PERIENCE is the perfect companion for a varied and active lifestyle.

"The new Leon X-PERIENCE interprets our emotional design language in a whole new way. This functional aesthetic, this elegant robustness and safety shows an openness to new ideas. We maintain the youthful spirit with a distinctive feel for the practical things in life" says Jürgen Stackmann, President of SEAT S.A. "The Leon X-PERIENCE is the perfect fit for SEAT. As the next step in our brand strategy, it will expand and consolidate the great success achieved by the Leon."

Alongside the latest-generation TDI engines and permanent all-wheel drive with intelligent, electronic control, the Leon ST X-PERIENCE boasts all-road suspension with extra ground clearance. A distinctive off-road look and individual interior offer an added dimension of driving fun, together with a wide array of ultra-modern technologies. These include a four-

wheel EDS dynamic control system (electronic differential locks on both axles), an extended electronic differential lock for better traction while cornering (XDS), an electronic stability programme and a multi-collision brake system delivering maximum safety.

Further optional hi-tech features include full-LED headlights, ACC Adaptive Cruise Control with City Emergency Brake function, drowsiness detection and lane-keeping assistant.

"On tarmac or gravel, in sun, rain or snow – with its all-wheel drive, the Leon X-PERIENCE takes it all in its stride, demonstrating its superb dynamics on all types of road with absolutely no negative impact on either comfort or usability. Emotional driving fun and exceptional usability – this is where the customer finds both," says Dr. Matthias Rabe, Vice-President for Research and Development at SEAT S.A. "The Leon X-PERIENCE also offers outstanding safety in all situations, thanks to its superb traction, excellent brakes and integrated assistance systems that extend all the way to ACC adaptive cruise control with Front Assist and emergency braking function."

The highly acclaimed design language of the Leon family has been further accentuated for the X-PERIENCE. Sharp lines provide the all-road estate with a stunning appearance of energy and vitality. The dynamic silhouette is long and

graceful, yet the Leon X-PERIENCE offers the full spectrum of usability for work and leisure, family and sport. The luggage compartment offers a carrying capacity of 587 litres, which extends to as much as 1,470 litres with the rear-seats folded down.

## All New Jeep Cherokee: No Compromises, It's the Complete Car

▲ New Jeep Cherokee

The all new Jeep Cherokee is where legendary off-road capability meets premium driving dynamics in a stylish, high quality and efficient package. When it goes on sale here this month (June 2014), the new Cherokee will introduce smart new technology to the mid-size SUV segment, instantly becoming one of the most user-friendly cars in its class.

Initially the new Cherokee will be available with a choice of 140 and 170hp 2.0-litre turbo-diesel engines. The more powerful engine is linked to a nine-speed automatic gearbox, a first for the mid-size SUV (Jeep classification 4.5-4.8m) class. This groundbreaking transmission is also available to all four trim levels: Longitude, Longitude+,

Limited and Trailhawk. Three of the four – Longitude, Longitude+ and Limited – can be specified with either diesel engine and in two or four-wheel drive. The more off-road focused Trailhawk model comes only with a 3.2-litre petrol engine and only automatic transmission. It will be available by special order only from the end of the year.

Thanks to the light-weight materials used and the efficiency of the 2.0-litre MultiJet II engine, the new Cherokee becomes one of the cleanest cars in its class. The front-wheel drive 140hp version returns 53.3mpg on the combined cycle and emits just 139g/km of CO<sub>2</sub>. Yet performance is hardly hampered: the 170hp automatic 4x4 will do 0-60mph in a lively 10.3 seconds.

As the Cherokee wears the legendary Jeep badge it will be one of the most capable cars around, no matter what surface it's on. New suspension combines with a very rigid bodysell to make it comfortable, refined and enjoyable to drive on the road. The fuel-efficient Jeep Active Drive I four-wheel drive system automatically switches between front and all-wheel drive when required. And Jeep's Selec-Terrain system offers up to five different four-wheel drive modes to ensure drivers employ the most suitable settings for the prevailing conditions.

Taking cues from its Grand Cherokee stablemate, the new Cherokee has a stylish, well-equipped interior that exudes premium craftsmanship. It's also comfortable and versatile with figure-hugging front seats and in the back, seats that fold and recline as well as sliding backwards and forwards to maximise either leg room or boot space.

All new Cherokees are packed with technology. Each model features a Thin-Film Transistor (TFT) screen in the instrument cluster available in either monochrome or colour. On the centre console there's a choice between a 5-inch colour touchscreen for the Uconnect media system and, in a first for this class, an 8.4-inch display. Even the entry-level Longitude model comes with cruise control, parking sensors and dual-zone air-conditioning as standard. And some neat options can be specified. These include the full-length Command-View sun roof and a charging pad that can

replenish some smart phones without the need to plug them in.

The Cherokee is one of the safest cars on the road: it has already been awarded five stars by EuroNCAP and has more than 70 available safety features. These include systems such as Forward Collision Warning with Crash Mitigation which employs radar to help the driver avoid, or limit the effects of, any impact. Meanwhile, ParkSense Parallel/Perpendicular Park Assist finds parking spaces that will accommodate the Cherokee, then helps the driver reverse into them by controlling the manoeuvre.

The result is a car that combines the traditional Jeep values of simplicity and versatility with style, efficiency and technology to

create a no-compromise all-rounder capable of doing the famous seven-slotted grille justice.

**DESIGN: STYLISH IN THE CITY, TOUGH ON THE TRAIL**

When it came to designing the all-new Cherokee, the team at Jeep had to be mindful that they were recreating a legend. The new car had to remain true to the Jeep brand and DNA, yet move the story on with an efficient but capable looking form that would age as gracefully as its predecessors. The result is a car with a smooth and sophisticated top half and a rugged bottom half that combine with aggressive wheel-to-body proportions to give it a powerful stance and commanding road presence.

## Mini Owners! Don't Pay Twice for Servicing

IT'S WELL documented that MINI owners have great taste, but new findings suggest that they must also have huge wallets! Despite the New MINI Hatch starting at just £13,750, drivers of the British brand still seem hell-bent on wasting their cash by not using the full value of the TLC servicing packs attached to their cars.

MINI TLC, which costs from £275 and covers all servicing costs for five years or 50,000 miles, is designed to offer buyers complete peace of mind. It's a hugely popular proposition, with over 97% of buyers selecting the pack when purchasing their new car.

However, MINI has discovered that one in four owners who have value left on their packs are choosing to service their vehicles outside of the MINI dealer network, effectively paying twice to keep

their pride and joy in tip-top shape.

In order to address the situation, MINI has launched a new servicing site that enables customers to check if they have any servicing value left on their TLC pack and, if not, to get a fixed-price quote on their next service at a MINI dealer. By clicking onto [www.mini.co.uk/owners/maintenance/mini-servicing/](http://www.mini.co.uk/owners/maintenance/mini-servicing/) owners will have 24/7 access to servicing quotes, full TLC information, educational videos, online service booking and a dealer locator.

"We don't like to see our customers waste their money," said MINI Aftersales Director, Richard Price. "Our TLC servicing pack represents great value... but only if people use it. The new site is designed to help owners see if they have servicing value left on their pack, helping them to avoid paying twice. For

those who have already used the full value, the site will help them get a fixed price servicing quote."

About TLC

With MINI TLC, buyers can relax in the knowledge that their comprehensive servicing needs are covered for 5 years or 50,000 miles, whichever milestone is reached first.

The TLC pack, which is a fully transferable between owners and may enhance resale value, includes fixed-cost servicing, genuine MINI parts fitted by approved technicians and full authorized workshop service history stamps.

What's more, MINI MOT Protect is now also included, which means that in the unlikely event that a MINI should fail its first, second or third MOT, MINI will cover the cost of repair or replacement of parts and labour costs.

## Cricket - Devon League

# Batey carries bat as Dinnison slays Saints

**UPLYME & LYME REGIS 1ST XI 159 FOR 5  
BEAT CLYST ST GEORGE 1ST XI 157 ALL  
OUT BY FIVE WICKETS**

**Devon League Division D**  
GROUNDSMAN John Hunt worked hard all week to produce a fast flat track on the King George Playing Field but Uplyme's accurate bowling and sharp fielding prevented Clyst St George from taking full advantage when they had first use of the pitch.

It seemed as though openers Ferro and Cooper had established themselves and were set for a high score but the partnership was broken when Rhys Davies had Cooper caught by Alfie Bellworthy with the score on 38.

Ferro tried to rebuild the innings with Welsh but fell to the bowling of opposite skipper Steve Batey for 40 and the team score 85.

Uplyme then took command and ripped out the middle order for the addition of only 58 runs. Davies finished with 4 for 47 ably supported by Paddy Barraclough who shrugged off the previous week's injury to bowl a full spell and take 2 for 45 in his nine overs.

A mention too for seamer Charlie Warner who toiled away in the heat up the slope, bowling his nine overs straight through and built pressure with a controlled spell of 0-31.

It was left to left arm pace man Nic Dinnison (4-13) to clean up the tail and leave Cyst on a well below par score of 157.

Although Uplyme lost Rob Thom (4) early in their reply they moved on smoothly to 105 for 4 with good contributions from Jedd Whittington (28) and Nic Dinnison (31).

After a hiccup of losing of Steve Batey without scoring normal service was resumed as the youngsters, Tyler Wellman (17) and Alfie Bellworthy (9

not out) partnered opener Mark Batey, who remained undefeated on a fine 53 to see his side home and to claim 22 valuable points.

### UPLYME & LYME REGIS 2ND XI 209 ALL OUT LOST TO HALBERTON 2ND XI 276 FOR 6 BY 77 RUNS

**Devon League 2nd XI D Division (E)**  
INFLUENCED by a team line-up containing more bowlers than recognised batsmen, skipper Rodney Holmes opted to bowl on a flat Halberton wicket.

Holmes must have regretted his decision within 10 overs as Halberton raced to 50 without loss and doubled

their score within the next eight overs.

It was not until half way through the innings with the score on 140 that veteran bowler Steve Howe made the breakthrough by bowling opener Everett for a hard hit 50.

Halberton continued to race along, but the introduction of Daley Holmes helped to check their progress when he bowled No3 Rowd for 9 and then took the vital wicket of the other opener Chilcott [88] well caught by Rodney Holmes.

Chilcott had batted beautifully and by the time he was out the score had reached the 200 mark.

With wickets in hand Halberton's batsmen did not need a second invitation to go for their runs.

But their all-out attack allowed Daley Holmes to take three more wickets - one bowled and two stumped by wicketkeeper Eddie Clarke to finish with figures of 5 for 39.

However, the damage was done and the hosts posted a massive 276 for 6.

The Uplyme reply started positively with Clarke and David Jones putting on 50 before Jones (9) was bowled by Broomfield. Wickets then fell at regular intervals until Wesley Holmes joined Clarke and it looked as though the innings would gain some momentum.

Unfortunately Holmes tried one shot too many against off spinner Harding and was bowled for 16 with the score on 115.

Skipper Holmes was run out for 1 and it was then left to Daley Holmes to make a positive contribution. His partnership with Clarke added 63 in short time and with 13 overs left Uplyme needed another 100 runs.

Thirteen-year-old Holmes batted

◆ **NO LUCK:** Nic Dinnison beats the outside edge of Cyst St George opener Sam Cooper's bat - a familiar sight in the Uplyme & Lyme Regis 1st XI left-arm paceman's opening spell on Saturday. well but let the pressure to score quickly affect him and Harding bowled him for a well-made 30.

Uplyme managed to achieve maximum batting points when they reached 200, but the game was up when Clarke, having kept wicket and batted throughout the innings, played a tired shot in the penultimate over to be last man out on 94, six short of his century.

## Lyme Regis Bowls Club

# Big victory away at Melcombe Regis

LAST week saw the last of the league action for a while as the Club's 57th annual open tournament commenced on Saturday. Early indications show that the week is set fair.

It was been a better week for the league teams with a particularly good 9-1 win for the championship side against Melcombe Regis away from home.

The ladies had a 6-4 win away to Gillingham thanks to a good win by Chris Barber's rink.

Lyme mens second string came unstuck against Dorchester B despite a fine win from Roger Legg's side.

The men of Lyme 3 put in a spirited performance against Bridport B coming away with six points despite going down narrowly on two rinks.

# Browne spell puts paid to Parley

## Dorset Funeral Plan League Premier League Division One WEYMOUTH 179-4 BEAT PARLEY 178 BY SIX WICKETS

A BRILLIANT bowling performance from Simon Browne helped Weymouth pull off one the results of the weekend as they toppled league leaders and reigning champions Parley by six wickets at Redlands.

Browne, coming on as third change returned a superb analysis of 10-3-39-6 as the visitors, who opted to bat first, slumped from 151 for 4 to 178 all out in the 45th over.

In reply, Matt Lawes fell early for 8 but Dean Janaway cracked an eight-boundary unbeaten 59 and was well supported by Jim Ryall (33) and skipper Kieron Womble who saw his side over the line at 179 for 4 in the 40th over with an unbeaten 28.

## Premier League Division 2 DORCHESTER 1ST 190 ALL OUT BEAT SHROTON 172 ALL OUT BY 18 RUNS

DORCHESTER recovered from a shaky start to clinch a six-wicket win over Shroton and move to within a point of leaders Sherborne.

But it was far from plain sailing for the county town team who had openers Pete Moxon and Greg Holland both back in the hutch with just two runs on the board.

Fergus Guppy (21) and skipper Dan Belt (32) set about repairing the damage with a 36-run stand for the third wicket.

Eammon Scott chipped-in with pug-nacious seven-boundary 33 of just 21 balls after Guppy was dismissed, but 96 for 5 still looked precarious.

In the end it took what proved to be a crucial 59 punctuated by 11 boundaries from Dan Morris to take the hosts up to 190 all out in the 46th over.

In reply, the visitors reached 34 before Belt made the breakthrough trapping Darren Ball in front.

This led to two more quick wickets and the game was in the balance at 56 for 3.

A superb stand of 102 for the fourth wicket between Gary Smart (51) and Matt Hewitt (52), allied to a huge haul of 37 wides, appeared to have sealed a Shroton victory.

But Moxon stepped in to remove both half-centurians to trigger an alarming slide that saw the visitors collapse from 155 for 4 to 172 all out with Moxon claiming 3 for 36 and Scott 4 for 23.

Dorchester travel to Blandford on Saturday.

## MARTINSTOWN 204-6 BEAT SHERBORNE 200 ALL OUT BY SIX WICKETS

OVER at Lower Ashton Farm league leaders Sherborne were beaten by six wickets by promotion-chasers Martinstown.

Batting first Sherborne stumbled to 86 for 6 before a seventh wicket stand of 93 between Shane Pulling (84) and Tim Durston (40) saw them close on 200 all out with Matt Camp (3 for 39), Stuart Fry (2 for 11, before injury), Ross Stewart (2 for 23), Liam Banfield (2 for 41) and Ryan Chase (1 for 47) sharing the wickets.

The hosts got off to a fine start in their run-chase with Dave Herbert and Henry Lewis putting 93 for the first wicket.

Lewis was first go for 34 which included seven boundaries and when Herbert went next for a top-score 79,

punctuated by 11x4s and 3x6s Martinstown were well on their way to victory at 134 for 2.

Skipper Ed Nicholls led his side to victory with an unbeaten 33 in the 43rd over.

## County Division Two CATTISTOCK 178-2 BEAT BEAMINSTON 176-6 BY EIGHT WICKETS

BEAMINSTON recovered from 70 for 6 to post 176 for 6 thanks in the main to a fine unbroken seventh wicket partnership of 106 from Adie Phillips 60no) and Adam Herring (25no) and a haul of 53 extras.

But league leaders Cattistock had few alarms reaching 178 for 2 in just 24.2 overs with John Legg cracking 88no and Mike White 60.

Cattistock travel to face Stalbridge 2nds at the weekend.

## County Division Four PORTLAND RT 2ND 162-5 BEAT COFE MULLEN 2NDS 159-9 BY FIVE WICKETS

PORTLAND maintained their promotion push with a five wicket win at Mid-tablers Corfe Mullen 2nds.

Batting first the hosts were restricted to 159 for 9 from their 40 overs with Abbas Ali taking 4-38 from his eight overs and Ben Jones 2-23.

A solid batting performance from the Triangle top order including Ben Thompson 31, Pete Phillips 26 and Ben Jones 24 saw them to victory on 162 for 5 in the 39th over.

## ABBOTSBURY 103 LOST TO SHILLINGSTONE 2NDS BY 20 RUNS.

THE top-of-the-table clash in Division Four was a low scoring affair with the bowlers on both side largely on top.

After winning the toss hosts Shillingstone 2nds, having been 21 for 0, could only muster 123 with Simon Laney top-scoring with 43 and Chas Duerdoth the pick of the Abbotisbury attack with superb figures of 8-0-23-4. Aaron Oliver also pick a hand of late wickets to finish with 2 for 8.

The visitors win in trouble early on at 23 for 3 and never recovered as they were shot out for 103 in the 36th over with C.Backhouse top-scoring with 20.

## County Division Five SCHEDULED hosts Broadstone 4ths failed to raise a side for the visit of Martinstown 2nds.

## CHARLTON DOWN 195-8 LOST TO CHALKE VALLEY 196-2 BY EIGHT WICKETS

CHARLTON Down's unbeaten start to the season came to an end as the honours went to Chalke Valley, in the top of the table clash, by an emphatic eight wickets at their picturesque at Bowerchalke.

Charlton Down were inserted and Luke Voss and Jae Miller soon had the scoreboard ticking over having 46 runs on the board after only six overs but Miller was bowled for 21.

Javed Gill joined Voss and continued the scoring momentum until Voss was leg before wicket for 22 with the score on 73-2.

Matt Stevens (18) then batted beautifully and looked in no danger until a full ball hit him in front and was the third player to be out leg before with the score on 98-3.

Jack Eveleigh (13) joined Javed and played intelligently, cutting and pushing the ball for ones and two rotating the strike and this enabled Gill to increase the scoring tempo.

Gill eventually top edged a pull to the bowler but had scored 61 valuable runs having batted for nearly two hours in an innings that included seven 4s and ultimately it was his innings set up Charlton Down collecting maximum batting points.

Wickets fell at regular intervals as the innings drew to a close, including a fourth leg before wicket and a run out with John Clancy out of his ground at the bowlers end with the ball having been deflected onto stumps.

The hosts' reply started cautiously and the openers found runs hard to come by with Matt Stevens and Nick Voss bowling well.

Unfortunately Charlton Down were reduced to ten men when Nick Voss hurt his back in only the eighth over.

Openers Andy Mercer (42) and Will Fortescue (91) batted aggressively and offered seven catching opportunities which were unfortunately not taken.

Mercer was eventually dismissed by Tucker for 42 with the score on 112-1 and a late wicket for Miller bowling Monaghan for 17 but fittingly it was Fortescue who hit the winning runs.

A big thank you must go to Keith Deadman who fielded for some overs to help out after a 20 mile cycle ride around the Salisbury hills!

Afterwards Pete Tucker said: "Catches win matches is a very true saying and to drop so many did us no favours."

"Fielding at Chalke Valley is always difficult due to the enormous outfield but only having ten men for most of the game made it very challenging."

"Our batsmen seem to get a start but other than Javed no one was able to take it further and score big runs."

"We were probably 50 to 60 runs short on such a big ground. Javed was excellent and held the innings together. His shot selection was so good and he thrashed the ball around the ground."

John Clancy was so unlucky to be run out from a deflected drive from Kim Park. It was definitely one of those afternoons where the luck was not ours in so many ways."

## Sunday league Division Four SYMENE 249-4 BEAT

BROADSTONE 229 ALL OUT BY 20 RUNS  
SYMENE recorded their first away win of 2014 in a high scoring game at the Delph thanks to two big partnerships at the top of their batting order.

Colin Lloyd returned to action to score a typically forthright 55. Once Nigel Tohill had departed for a watchful 15, Lloyd was joined by in-form Phil Hawkins (77 no), and the pair added 107 for the 2nd wicket.

Lloyd's departure meant the arrival of Indy Nanayakkara who took full advantage of a short boundary to score a fine 66 before being dismissed run-out going for a tight single, the pair having added 105 for the 3rd wicket to total 249 at the interval.

With Symene missing several front-line bowlers, every run of their total was needed as Broadstone chipped away at the big target.

Callum Pattinson took two good early wickets but Broadstone were still well-placed at 90-2 after 15 overs.

The dismissal of Groves, clean bowled by Liam Toohill for 83, raised hopes of an early finish but, aided by some indifferent Symene fielding and catching, the home batting continued to resist.

Clark (31) and Richards (30) were

amongst several Broadstone batsmen who made good contributions to hold up Symene.

However the introduction of Man-of-the-Match Nanayakkara applied the brakes and his tight bowling of 2 for 19 asserted control and as the run-rate climbed Symene were finally able to mop up the tail and close out victory with two overs to spare.

## Dorchester U15 67 for 7 beat Uplyme 64 all out by 3 runs

UPLYME travelled for this top of the table clash with Dorchester without skipper Rhys Davies who was on Corinthian cup duty with the 1st XI.

On winning the toss stand-in captain Wesley Holmes elected to bowl.

His decision paid dividends as in his first over he had Peel caught by Eddie Parsons this was followed up by Felgate who bowled Khan for 9 in the third over.

Newcomer Parsons then hung onto a second fine catch to dismiss Blair from the bowling of Will Marshall.

The introduction of Daley Holmes to bowl on a dry dusty pitch then destroyed the Dorchester middle order. Daley took four wickets for 16 runs from his four allotted overs in a fine spell of off spin bowling.

However, in a low scoring game vital runs were added by Critchell [23no] batting at number 9 to get the Dorchester total up to 67.

On a pitch with variable bounce the Uplyme reply was never going to be easy and that became more apparent when left arm seamer Blair bowled at a rapid rate.

Nevertheless there was a disappointing lack of application from the early order batsmen that allowed Blair and fellow opener Khan to get on top.

They bowled eight consecutive overs reducing Uplyme to 26 for 5. Only Felgate showed any resistance with a defiant 14.

The lower order batsmen tried to eke out the runs and edged ever closer taking the game to the last over.

But both Alex Jones and Lorcan Hankin fell without scoring to the bowling of Macklin leaving Uplyme three runs short of their target and still unable to record a win against Dorchester.

## Bere Regis U13 49 all out lost to Uplyme 50 for 3 by 7 wickets

UPLYME made the long journey to Bere Regis with only 10 men but made light of their shortage with a good victory.

The hosts were asked to bat first and at 46 for 4 from nine overs were going well.

However, the introduction of Louis Morel to the bowling line-up changed the picture dramatically.

In his first spell of bowling for the team Morel took five wickets in seven balls including a hat-trick as Bere Regis slumped to 49 all out in 11.2 overs.

Uplyme juggled their batting order to give some of the least experienced batsmen an opportunity.

Rob Shepherd and Jake Sweetland failed to score but Henry Rudkin made the most of the opportunity scoring 11 in a partnership of 40 with Daley Holmes, who retired on 25 not out, leaving Uplyme the winners by seven wickets - and in time to get back to watch England in the World Cup.

Perhaps a longer game would have been more enjoyable!

## Cricket extra - Somerset ccc

# Looking grim in title clash

SOMERSET'S clash with LV championship title rivals Nottinghamshire got off to a disappointing start at Trent Bridge on Sunday **writes Howard Larcombe**.

The Cidemen went into the game without the services of South-African all-rounder Johan Myburgh who fractured a finger in the T20 Blast defeat against Middlesex last Wednesday. But skipper Marcus Trescothick was back after a spell on the sidelines with a groin injury.

Things started well for Trescothick when he won the toss and opted to bat first in the Nottinghamshire sunshine.

But they were up against it early on against the hosts' four-pronged seam attack and lurched from 14 for 2 to 46 for 4 before Trescothick and Craig Kieswetter repaired some of the damage to take to score to 90 for 4 at lunch.

Trescothick was eventually ninth man out at 155 for a 16-boundary top-score of 87 with no other batsman reaching 20.

The eventual total of 168 in 51.2 overs was well below par and this was emphasized as Notts eased their way to a 208 for 1 and already a lead of 40 at stumps thanks to a fine opening partnership of 203 between Steven Mullaney (91) and Phil Jacques (111no).

Overcast conditions on day two gave the bowlers some much-needed assistance and 208 for 1 became 279 for 5.

A short shower forced the players off for a while but when they returned the Notts pair of Rikki Wessels (76) and England hopeful Samit Patel (94) helped the host recover to post 461 all out and an imposing first innings lead of 293.

Craig Overton was the pick of the Cidemen's attack taking 4 for 102 from 26 overs while spinner George Dockrell claimed 3 for 85 from 19.2.

Somerset had eaten 41 runs into the mammoth deficit before Trescothick was snapped up in the slips for 22.

Nick Compton followed soon after when he was cleaned up by former Kiwi all-rounder Andre Adams for 12 and when Alviro Petersen was trapped in front by Peter Siddell the visitors were in deep trouble at 66 for 3.

But opener Chris Jones 59no and James Hildreth (7no) prevented any further alarm as the total reached 106 for 3 at stumps on day two.

**Scores: SOMERSET 168** all out (Trescothick 87; H.Gurney 3-44, A.Adams 3-47) **NOTTINGHAMSHIRE 461** (Jacques 113, Patel 94, Mullaney 91, R.Wessels 76; C.Overton 4-102, G.Dockrell 3-85). **SOMERSET 106 FOR 3** (Jones 59no).

◆ **Update:** Somerset had moved on to 277 for 8 (P.Trego 55no, G.Dockrell 5no, Jones 77, Kieswetter 54, Hildreth 31) still 16 behind and facing a possible innings defeat at time of going to print on day 3.

## Groenewald signs three-year deal

SOMERSET'S ranks have been boosted by the signing of ex-Warwickshire right arm seamer Tim Groenewald.

The South African-born 30-year-old joins on a three-year contract and will be looking to add to his haul of 255 first class wickets spread over an eight-season career in England.

◆ **BATTLING:** Chris Jones made 77 as Somerset faced a huge 293-run first innings deficit against Nottinghamshire at Trent Bridge.

## Point-to-Point racing

# Wessex 2014 Championship review

THE Wessex Point-to-Point Area's six main awards, sponsored by Spillers Horsefeeds, will be presented at the end of season Party on Friday, July 4th.

The leading gentleman rider is Cornishman WILL BIDDICK, who was also crowned National Champion for the third time at Saturday's Torrington Farmers meeting at Umberleigh, Devon.

Biddick rode 36 winners this season, many provided by Seaborough (Dorset) handler Richard Barber, who sent out the Area's Leading Young Horse Bellsinni Ron, but relinquished his Wessex Area Trainer (for yards housing 10+ horses) title to his grandson, first season handler Jack Barber.

Henstridge trainer STUART PENNY, who supplied several vital winners for National champion Bridget Andrews, takes the Wessex Area Trainer title (for yards housing nine or fewer horses) for the first time.

Sixteen-year-old MEGAN NICHOLLS wins both the Leading Lady Rider and Leading Novice Rider Awards, thanks to her prolific partnership with Gwanako, whose five

Wessex Area wins gained the Leading Owner Award for The Stewart Family.

Megan also took the National Lady Novice Riders title with 17 winners, all provided by Gwanako, Join Together and Current Event.

Their successes also secured the Connolly's Red Mills National Trainers Championship (for yards housing eight or fewer horses) for their Bruton handler Rose Loxton.

MICHAEL LEGG triumphed in the first of two Badbury Rings/Milborne St Andrew awards, the Dick & Sue Woodhouse Memorial Challenge Cup for leading rider.

CIARAN GETHINGS, who is attached to Philip Hobbs' Bilbrook yard, took the Eric Dymott Novice Riders Trophy.

Other memorial awards include the John Dufosse Trophy for the most successful owner-rider in Wessex, won by Jack Barber (Subtle Sovereign) and the Angie Burrough Trophy for the best rider at her three favourite meetings, won by Will Biddick.

The Greenslade Taylor Hunt Wessex Tro-

phy, an award for the most successful horse on courses in the west of the area went to The Stewart Family's Gwanako.

In the Larkhill Racecourse Specialist Awards lists, Lord Ashton of Hyde's Cup winner Rumbavu gained further glory as Larkhill's Leading Horse, and made the major contribution to Robert Waley-Cohen's Leading Owner-Trainer award. Stuart Penny regained his place as Leading Trainer after being beaten by Richard Barber in 2013.

Only one point separated the top three for the Leading Rider title, which was shared by Emily MacMahon and Mark Wall, followed by Katy Lyons.

By contrast, Jack Barber took the Leading Owner-Rider award by a wide margin aboard Subtle Sovereign.

Full details of the Summer Party can be found on the Wessex Area website, [www.pointingwessex.co.uk](http://www.pointingwessex.co.uk).

Terras' chairman Nigel Biddlecombe said: "We are looking for enthusiastic young talent who will be 16-years-old by August 31st 2014, and who have not attained their 18th birthday on the same date, to embark on a new season in the South West Counties Youth League. Players from within Dorset and the surrounding areas are welcome.

"The SWYC is a very prestigious league made up of top Academy youth teams such as the Bristol Academy, the Cirencester Academy and Bath City to name just a few making it a great arena for young players to develop and hone their skills progressing to represent their

respective senior sides.

"Weymouth FC have a first class track record in producing young players through the U-18s who have progressed to play at a high standard of senior football.

"Kyle Critchell who went on to represent the Welsh international team after becoming a professional footballer and Sam Poole who went on to captain the Terras' first team are just two examples of the youth team producing fine young players. These are the aims we shall be striving for achieve, once again.

"The pre-season programme has just been put together and this commences on the Saturday, September 6th.

Prior to that we will be beginning with two trial dates from 7pm to 8.30pm on Tuesday, July 15th and Thursday, 17th July at Redlands.

If you are interested in being a part of this exciting new addition to the Terras and require more details please contact Mickey Lawrence on 07809645103 or at loro50@hotmail.co.uk or Ben Richmond on 07703 319652 or at bjdrichmond1992@gmail.com

"This would provide a chance to help with their development, aiding them in achieving their dreams of progressing to a higher level of football and being given the chance of realising their full potential", said Biddlecombe.
